

110th Anniversary

STELVIO

PASSION AT THE CENTRE OF EVERYTHING.

From a simple sketch in search of the unique vehicle, Stelvio has evolved into something greater. Equipped with the latest technology, Stelvio is reestablishing itself as one the most sought after and award-winning SUVs in its category. As always, it delivers unrivaled performance and driving pleasure that can only be attributed to the style and skill of Alfa Romeo.

OPEN THE DOOR...

A blue SUV is driving on a road in a Tuscan landscape. The scene is viewed through a window with a broken pane, indicated by dark, jagged lines. In the background, there is a hill with a row of tall, thin cypress trees and a small building on top. The sky is overcast.

...TO A VISION

THAT CANNOT BE CONTAINED.

EVERY LINE MAKES A DIFFERENCE.

EVERY SHAPE HAS A STORY.

POWER THAT IS CAPTIVATING.

Stelvio distinguishes itself under the bonnet with its wide range of all-aluminium block engines, both petrol and diesel options that are light-weight, high performance and efficient.

There's a 2.0-litre Petrol in 200 HP and 280 HP versions with Q4 all-wheel drive, a 2.2-litre Diesel in 190 and 210 HP versions with Q4 all-wheel drive, and a 190 HP 2.2-litre Diesel with rear-wheel drive. All the engines are available with a state-of-the-art ZF 8-speed automatic transmission that optimises their response in terms of fluidity, comfort, performance and efficiency.

BECAUSE DRIVING PLEASURE
IS NEVER OPTIONAL.

ZF 8-SPEED AUTOMATIC TRANSMISSION

The ZF 8-Speed automatic transmission, standard on every model, changes its personality based on the selected driving mode. Enjoy comfort and efficiency with Advanced efficiency, fluid and discreet in Natural and quick and sporty in Dynamic.

OPTIMAL WEIGHT DISTRIBUTION

The optimal distribution of weight is a testament to the extensive use and exceptional arrangement of ultralight materials, such as aluminium and carbon fibre. These uncompromised choices deliver first-class handling and one of a kind driving experience.

CARBON FIBRE DRIVESHAFT

The carbon fibre driveshaft, taken directly from the world of competitive racing, is standard on all models and contributes to the overall lightweight design of the vehicle and the highly reactive acceleration from the engine.

FOR AN IRRESISTIBLE PERFORMANCE.

Stelvio delivers on the longstanding Alfa Romeo promise of mechanics that create beautiful emotions, enabled by a series of exclusive patented technologies. All of these systems work together with the exclusive Q4 all-wheel drive technology, the Integrated Brake System (IBS), and the Chassis Domain Control (CDC). As the brain of all the systems, the CDC's only function is to monitor and analyse road conditions and react immediately by changing the vehicles behavior when needed.

Q4 TRACTION

The Q4 All-wheel drive system increases the excitement of the signature rear-wheel drive by being able to switch seamlessly into all-wheel drive without any driver intervention. Equipped with the active transfer case and specific front differential, Stelvio can sense when to shift and send torque to the front or rear axles. This technology guarantees impeccable performance on uneven roads or in unsavory weather conditions.

ALFA LINK SUSPENSION

The all aluminium Alfa™ Link Suspension System ensures excellent dynamic driving behavior and unique handling. The front suspension features a double-wishbone system with semi-virtual steering axles that keeps the wheels perfectly perpendicular to the road even on the most intense curves. The rear suspension with its Multilink system with four and a half links guarantees the best of both worlds between lateral grip and comfort, even on uneven surfaces.

ALFA™ ACTIVE SUSPENSION

The Alfa™ Active System dynamically adjusts the suspension response according to the driving conditions and the mode selected with the Alfa™ DNA selector : a softer shock absorbing setting for a more comfortable ride, or a more rigid setting for more precise sporty driving. Available as part of the performance pack.

SO THERE'S NO MORE TAKING TURNS.

7" TFT INSTRUMENT PANEL

The 7" TFT display allows you to keep everything under control. The large screen helps you see important driving data, warnings and notifications from Stelvio quickly and easily and without having to shift your eyes.

8.8" MULTI-TOUCH DISPLAY

The new 8.8" Multi-Touch display is intuitive and reactive. With a few simple touches, organise your apps and widgets. Enhanced in every way, the large touchscreen creates easy viewing for maps, contacts and car performance.

- INTERACTIVE WIDGETS
- VISUALIZE FULL-SCREEN MAPS
- MANAGE THE VEHICLE'S PERFORMANCE
- IMPROVED INTERFACE FOR MORE INTUITIVE EXPERIENCE

REORGANIZE OF WIDGETS

ZOOM-IN AND MOVE ICONS WITH A SIMPLE TOUCH

NOW YOU HAVE THE UPPER HAND.

Design and craftsmanship, combined with cutting edge technology, have brought to a redesigned and reorganised centre console. Every component was designed and created to guarantee maximum efficiency and functionality.

Experience the premium look and feel while you choose the driving style that fits you and your driving conditions best with the Alfa™ DNA selector: Dynamic, Natural and Advanced efficiency.

DYNAMIC

Sharper throttle response, enhanced steering feedback, more reactive braking and performance shift-mapping for even sportier driving experience and pleasure.

NATURAL

For perfect balance in daily driving, combining efficiency and comfort.

ADVANCED EFFICIENCY

Engineered to maximise fuel efficiency and reduce fuel emissions.

COMMAND

Manage and move through all of the various applications and widgets. Scroll through and change performance features, climate and connected services without ever having to touch the screen.

CONTROL

The newly redesigned center console features a leather-wrapped gear shifter delivers comfort and power as you change through gears.

RECHARGE

The new wireless charger is convenient and ready for those who are always on the go. No more cords and cables. Just place your smartphone in the charging area and you'll be at 100% in no time.

PREMIUM MULTIMEDIA SYSTEM ROTARY PAD

LEATHER-WRAPPED SHIFTER

WIRELESS CHARGER

CARESS THE ROLLING CURVES.

CRAFTED TO ENGAGE THE SENSES.

The curated details and premium materials work in harmony to bring together man and machine like never before. Comfort and luxury are a part of every finish such as open pore wood surfaces, in walnut or silverwood, brushed aluminium, leather and use of technical fabrics come together for an exceptional display of Italian craftsmanship to create a true oasis of comfort. Stelvio also maximises its SUV design with 525 litres of fully usable boot space that can even become greater by folding down any of the rear seats. Even if you have your hands full, open the tailgate by using the hands-free tailgate. If your key fob is close by, just pass your foot under the rear bumper, and the tailgate* will automatically open.

*Hands-free tailgate is available as an option

EXPERIENCE THE ESSENCE OF SOUND.

The enveloping nature of Stelvio is on full display with the Harman Kardon® Sound Theatre featuring 14 speakers (including a subwoofer) powered by 900 watts, through a 12-channel amplifier. It's an immersive sound experience that produces crisp and pure tones, the perfect accompaniment for any journey. Available as part of the Sound Theatre by Harman/Kardon® Pack.

BEAUTY DRIVEN BY TECHNOLOGY.

In the age of technology, the new Alfa Romeo Stelvio has mastered the art of finding the balance of hands-on driving passion and cutting edge automated driving systems by achieving the second level of autonomous driving*. Stelvio is now equipped with systems that intelligently monitor the vehicle's surroundings without ever taking away from the pleasure of driving.

Discover driving safety by Alfa Romeo through online video tutorials.

*Second level of autonomous driving is available as an option

AUTONOMOUS DRIVING LEVEL 2 (DRIVER ASSISTANCE PACK PLUS)

**TRAFFIC JAM
& HIGHWAY ASSIST**

Alfa Romeo Stelvio will help you stay calm and concentrated while behind the wheel thanks to Traffic Jam & Highway Assist. Through a camera mounted on the front bumper and multiple sensors, the system helps you stay in your lane, keep safe distance with the vehicle in front of you, on both city streets and the highway.

Stelvio can come equipped with a state-of-the-art Traffic Sign Recognition and an intelligent speed advisor that alerts drivers to changes in the legal speed limit. If the Active Cruise Control is activated, the speed is automatically adjusted without you having to touch a thing.

**TRAFFIC SIGN RECOGNITION
WITH INTELLIGENT
SPEED CONTROL***

*Available by end of February 2020

LANE KEEPING ASSIST

Lane Keeping Assist alerts the driver if the vehicle is straying out of its lane and provides a corrective action to help automatically correct the vehicle's path and direct it back into the lane.

This System maintains the vehicle at a constant speed while descending by automatically operating the brakes. In this way, stability and safety are ensured even in conditions of poor grip on steep slopes. Standard on all Stelvio versions.

HILL DESCENT CONTROL

The Autonomous Emergency Brake notifies the driver with visual and audible alerts when it senses a potential frontal impact. If the driver doesn't respond, and the risk of a collision continues, the vehicle can automatically brake and bring the vehicle to a full stop. Standard on all Stelvio versions.

FORWARD COLLISION WARNING WITH AUTONOMOUS EMERGENCY BRAKE

ACTIVE BLIND SPOT ASSIST

There are portions in the rear of the vehicle that are commonly known as a blind spot, which is when another vehicle is there it is temporarily invisible to the side mirrors. The Active Blind Spot Assist continuously monitors the rear blind zones on both sides of the vehicle, alerting you when you are attempting to move into a lane that is already occupied. In addition to the alert, the system also delivers a steering correction to help avoid collisions with vehicles hidden in your blind spot.

PARK ASSIST

The system uses a camera mounted on the rear bumper and front and rear sensors to notify you when obstacles are in your path. Audiovisual indicators and the dynamic grid on the MultiTouch display help you to avoid accidents during parking. Standard on all Stelvio versions.

The Multi-Touch Display program monitors the movements of the vehicle and the drowsiness of the driver. Warnings are sent through alert signals and the symbol of a cup on the TFT display to encourage you to pull over and rest.

DRIVER ATTENTION ASSIST

AUTOMATIC HIGH BEAM

Outdoor light can change quickly, whether in a tunnel or because of sudden adverse weather or sunset. The Automatic High-Beam Headlamps automatically and quickly switch from high beams to low beams depending on lighting conditions.

The active cruise control allows you to set the cruising speed of your vehicle. It also automatically corrects itself when the speed changes or when the safe distance between two vehicles isn't respected. Standard on Stelvio versions, except Super.

ACTIVE CRUISE CONTROL

WITH A CONNECTION THAT NEVER RESTS...

Please note that the connectivity services of Customer Care, Vehicle Health Report, At-Home Digital Assistant, Drive Alerts, Vehicle Health Alert, In-Vehicle Notifications, Send & Go, POI Search, Live Weather/Live Traffic/Live Speedcams, Last Mile Navigation, Parking/Fuel Finder, Stolen Vehicle Assistance, Theft Alarm Notification will be activated starting approximately from November 2020. For more information regarding the timing and activation of the individual services mentioned above, please refer to the official Alfa Romeo website.

Alfa Connect
SERVICES

MY ASSISTANT

To receive alerts and assistance in the event of an accident or breakdown concerning your Alfa Romeo.

MY REMOTE

To find and control your Alfa Romeo at all times.

MY CAR

To monitor and take care of your Alfa Romeo.

SERVICES

ALFA ROMEO CUSTOMER SERVICE

Call Alfa Romeo free of charge on 00800 2532 0000* from most European countries. Our Roadside Assistance team is at your service 24 hours a day, 365 days a year for: • Towing or roadside assistance in the event of accident or breakdown • Information about our service network • Free passenger return (or continuation of journey) service • Payment of hotel expenses • Repaired car pick-up • Cash advance • Dispatch of spare parts. If you contact Alfa Romeo Customer Service, you can also request information about our models, services and Dealership Network. You can also book a test drive of

any car you like. For any requirements or needs related to using your car or our assistance services, Alfa Romeo is here for you.

* Remember to check the call costs with your phone provider when calling from abroad or mobile phones.

FINANCE PACKAGES AND INSURANCE SERVICES

FCA Bank is the bank dedicated to motorists that has worked in the car financing industry with dynamism and professionalism for over 90 years. Whether you are a private customer, professionals or run your own business, FCA BANK offers you the best and most flexible financial solutions to facilitate your forthcoming purchase of an Alfa Romeo so that you can drive it away. With FCA BANK you can combine your finance or leasing package with high value-added insurance services tailored to meet your requirements: fire and theft, collision and fully comprehensive insurance, extended warranty, and windscreen or vehicle security marking. Moreover FCA Bank proposes

long-term rental as ideal solution for companies, professionals and private individuals who want to benefit from a new vehicle without the burden of ownership and the duties that this involves. However you choose to experience mobility, FCA BANK can satisfy your needs with financial and leasing packages combined with exclusive services.

Where history and future meet

Lines that have changed the way we imagine design; cars and drivers who set the pace for competition on the track; technologies that have redefined the standards of innovation. Beauty, speed, robustness and steady production: this is Alfa Romeo's legacy. It's driving passion, it's evolution, it's our heart.

La Macchina del Tempo, Museo Storico Alfa Romeo will guide you through this extraordinary all-Italian story. Six floors of history binding past, present and future and complementing the achievements of an extraordinary brand, its vehicles, its technology and style.

LA MACCHINA DEL TEMPO
MUSEO STORICO ALFA ROMEO

Heritage

PASSIONE SENZA TEMPO

CERTIFICATE OF ORIGIN / THE HISTORY OF YOUR CAR

FCA Heritage offers you the opportunity to discover the history of your classic Alfa Romeo, starting from its chassis number. After accurate examination of the relevant documents at the company's historical archives, a certificate is issued stating the vehicle's year of manufacture and its original configuration (e.g. model specifications, engine serial number, exterior and interior features).

CERTIFICATE OF AUTHENTICITY / CERTIFIED PURE PASSION

A panel of Alfa Romeo experts can verify the authenticity of your vehicle and issue an official certification, a numbered metal plaque and a certification book – so you can showcase the added value your classic Alfa Romeo deserves.

RESTORATION / TIMELESS CHARM

FCA Heritage's dedicated team of professionals takes care of your classic vehicle restoring, replacing or reconstructing any of its parts, to bring your Alfa Romeo back to its original beauty.

For information on the Alfa Romeo Classiche program, please call the international toll - free number 00800 25320000 or visit www.fcaheritage.com online.
