[Build your Stonic](#)

Escape the everyday.

From the first glance, it's clear the Stonic sets its own rules. Its dynamic appearance is underlined by the three-dimensional shape of the grille, vertical fog lamp housings and LED headlamps with LED daytime-running lights (grade dependent).

Images shown are for illustrative purposes only and not to UK specification. Features are not necessarily standard across the range.

Be true to your own identity.

Living in the moment means no boundaries, and that's exactly what you can expect inside the Stonic. Sculpted contours immediately please the eye and the senses, making driving fresh and fun. The D-cut steering wheel is shaped to stay clear of your legs, whilst the other controls are designed to place you and your demands in perfect unison (grade dependent).

From the moment you sit inside you'll discover a whole host of specially designed features. They include a GT-line badged steering wheel with perforated leather and white stitching, a black carbon-finish dashboard and ergonomic seats in black cloth and faux leather with white stitching and piping. What's more, there's a 4.2" colour supervision cluster and an 8" touchscreen navigation system with reversing camera display, plus Kia Connect, to keep you constantly connected with your car (grade dependent).

Build your Stonic

Embrace every adventure.

When excitement comes knocking, the Stonic GT-line is the first to answer, with style and substance to match. Stand back and admire its impressive front grille and customisable bumper that feature air intake holes to match the roof colour you choose; its LED fog lamps nestled perfectly into the sporty skid plate, and the stunning 17" alloy wheels. Then take a look at the rear and notice the eye-catching diffuser with integrated dual exhaust, as well as the striking roof spoiler and GT-line signature logo. All in all, as soon as you see the Stonic GT-line, you'll know this is a car that yearns to be part of your next adventure.

Customisable front bumper. Make a personal statement with the customisable GT-line front bumper, featuring three eye-catching air intakes, highlighted in the same accent colour to match the roof that you choose.

GT-line custom alloy wheels. For extra panache and serious style envy, the GT-line comes with exclusive eight-spoke 17" rim alloy wheels in stylish silver with graphite colour highlights.

Rear dual exhaust. Leave a lasting impression with the GT-line's dual exhaust, housed in the sporty rear bumper and diffuser.

Seize every second.

When you're behind the wheel, information is essential, and the Stonic puts it right where you need it, while banishing any distractions. Bluetooth technology offers hands-free access to your phone using voice recognition, whilst the state-of-the-art information system with its floating colour touchscreen keeps you fully informed and entertained.

8" colour touchscreen navigation system. Always be perfectly informed and in control with sophisticated navigation guidance and a range of connected features powered by our free seven-year Kia Connect (UVO) services. The system also includes a handy reversing camera (grade dependent).

4.2-inch colour supervision cluster. Between the speedometer and tachometer, the screen displays vehicle status, audio information and gives you access to vehicle setting menus.

USB front charger. A USB outlet lets you charge your mobile phone or other compatible devices.

Rear USB charging port. A USB jack at the rear of the centre console lets rear-seat occupants charge their devices too.

Kia Connect (UVO)...

Your free seven-year connected services.

Kia Connect (UVO) opens your Kia to the world of connected services. Once activated, it enables a number of essential digital features in your car. You can also install the Kia Connect app on your smartphone and pair it with your Kia to control certain functions remotely and consult a wealth of information about your car.

In-car services

Your free seven-year Kia Connect (UVO), once activated, uses your vehicle's embedded SIM card to connect it to the world of live data.

Real-time traffic information
Your navigation system uses live traffic information to recommend the best route and dynamically predict the most accurate arrival time.

Speed cameras and danger zones
Be alerted to speed and traffic light cameras, and to areas where accidents are particularly common.

Apple CarPlay™ is a smart, safe way to use your iPhone while driving. It takes all the things you might want to do, and puts them into your display, so you can get directions, make a call and listen to music all while staying focused on the road.

Images shown are for illustrative purposes only and not to UK specification. Features are not necessarily standard across the range.

Weather information
With up to three days' weather forecast available, you can check weather conditions at your destination.

Points of interest
Are you looking for a place to eat, a local business or the nearest ATM? All this information and more is easily accessible via your Kia's live, connected directory.

Parking
Kia Connect (UVO) helps you find available parking locations. It shows on- and off-street parking locations, including prices and likely availability.

Fuel station information
The system shows you the nearest petrol stations and prices to plan a refuelling stop.

Charging station information (electric and plug-in hybrid vehicles only)
Your car gives you the location of charging stations, with useful information such as availability and charging speeds available.

Android Auto™ is designed to keep you perfectly connected to your phone while minimizing distractions so you stay safe on the road. The simple, intuitive interface lets you access features like Google Maps, apps, music and voice control, and automatically organizes info into simple cards that appear just when they're needed.

Mobile application services

Once Kia Connect (UVO) is activated in your Kia, it gives you access to a wide range of useful functionalities through the Kia Connect mobile phone application (available on Apple™ and Android™).

Find my car and first/last mile navigation
You can check the location of your car from your smartphone. Your app can also use augmented reality to guide you to your car. When driving and parking before reaching your exact destination, your app can give you guidance to walk the last bit of the way using augmented reality or Google Maps.

Vehicle status
The Kia Connect app gives you an overview of your Kia's status including fuel/battery level, doors, windows, bonnet or tailgate. It lets you know if any of the vehicle's functions isn't working properly. You can also use the app to consult information about your past trips or to obtain a summary of key stats for your past month's driving.

Notifications and remote door control
You get warned if your vehicle's anti-theft alarm is triggered or if you left your doors unlocked. What's more, you can lock and unlock doors from your phone, wherever you are.

User-profile-linked vehicle settings
Select your preferred vehicle settings from your phone for a tailored experience once you get behind the wheel.

Valet mode
Activate the valet mode in your car and you can track its location and speed on the app. Ideal when you lend your vehicle to an airport's valet parking service.

Kia services are available free of charge for a period of seven years commencing on the day the vehicle is sold to the first owner of the vehicle and may be subject to change during that period. You need a smartphone with iOS™ or Android™ operating system and your own data plan to operate the Kia mobile application. Your Kia needs to be in a location with Vodafone mobile signal to connect to these services.

Share the experience.

Special moments in life are more fun when you share them with friends and family. That's why the Stonic's roomy interior can seat up to five people with ample space for stretching and relaxing. And when you're on the move or simply chilling out, the up-to-date entertainment choices, automatic air conditioning and heated front seats make the whole experience even more inviting.

Images shown are for illustrative purposes only and not to UK specification. Features are not necessarily standard across the range.

Open to any possibility.

When routine is the last word on your mind, the Stonic is designed to put your plans and dreams in motion. With 60:40 split rear seats, a spacious interior and flexible luggage capacity provided by the 352-litre boot, it's easier than ever to set out and explore.

Adjustable cargo floor. Position the cargo area floor higher to be flush with the folded seat backs (left) or lower to accommodate tall items (right). Note that the cargo floor in Mild Hybrid versions is always positioned lower.

Folding rear seats. Rear seats fold nearly flat, so you can fit long or bulky items in the extended cargo space.

60:40 split-folding rear seats. The rear seat backs split 60:40 and fold flat separately, offering you useful choices for managing cargo and passenger space.

Dynamic in every way.

When you're just as happy zipping around the city streets as you are exploring what's over the next horizon, the Stonic's choice of two extremely reliable petrol engines offers both dynamic performance and fuel efficiency.

Automatic dual-clutch transmission. Enjoy smooth acceleration, agile gear shifts and great fuel economy with the 7-speed DCT (Dual Clutch Transmission).

Manual transmission. The 6-speed transmission offers quick, smooth gear changes and gear ratios that are matched to engine torque curves, boosting power and efficiency.

View Offers

DriveWise technologies.

Every drive has its pleasures and challenges, and that's why the Stonic comes with Kia's DriveWise technologies to take the strain out of driving and keep you safe.

Book a Test Drive

Intelligent Speed Limit Assist. The Intelligent Speed Limit Warning gives you all the necessary information to help you stay within the speed limits. Using the camera on the windscreen, it reads speed limits and overtaking restrictions to display the information clearly on the navigation screen and cluster (grade dependent).

Find Dealer

Anticipate the unexpected.

With Stonic's DriveWise technologies, being at the wheel is simply more satisfying. Whether you're parking, manoeuvring city streets or on the open road, DriveWise features watch out for trouble, alert you, and even step in, to help you stay in the clear.

Build your Stonic

Forward Collision-Avoidance Assist. Using radar and camera data, and operating at speeds of up to 37 mph, this feature warns you if it senses a potential collision with a vehicle, pedestrian or cyclist ahead. If you don't respond, it brakes for you to avoid or mitigate a collision.

Lane Following Assist. The system uses camera and radar sensors that monitor road markings to keep your car in the centre of your lane.

Lane Keeping Assist System. When you start drifting out of your lane, this system alerts you and corrects your steering to put you back on track.

High Beam Assist. Your headlights automatically switch the high beams on or off to avoid dazzling other drivers.

Front and rear parking sensors. Ideal for confident parking, ultrasonic sensors mounted on the bumpers warn you of any obstacles in front or behind. The audible beeps can be switched on or off (grade dependent).

Blind-Spot Collision Warning. This smart feature alerts you to vehicles in your blind spot or to those approaching to overtake you (grade dependent).

Smart Cruise Control. Particularly useful to take the strain out of long journeys on the motorway, Smart Cruise Control regulates the Stonic's speed based on your pre-set speed and a safe distance to the car ahead of you (grade dependent).

Driver Attention Warning. This function monitors your inputs to assess how alert you are. If it senses reduced attention, it sounds a chime and displays a warning in the supervision cluster display.

Protect what you love.

Wherever you are, whatever you're doing, you can be sure that the Stonic is protecting you and the people around you. That's because it's engineered to help drivers stay out of trouble and minimise collisions.

Vehicle Stability Management (VSM). Working in tandem with the motor-driven power steering, Kia's VSM helps ensure that the Stonic remains stable when simultaneously braking and cornering.

Hill-start Assist Control. This functionality is designed to stop you from rolling backwards when pulling away from a standstill on a steep upward incline.

AHSS steel for greater strength and added cabin protection. The Stonic uses Advanced High Strength Steel (AHSS) to deliver greater average tensile strength. It makes the body phenomenally rigid, enhancing cabin protection as well as dynamic performance.

98 metres of structural adhesive for reduced noise. Extensive use of structural adhesive means the Stonic is both rigid and light, and offers outstanding noise and vibration management.

8 hot-stamping zones for extra strength. The Stonic features hot-stamping of components in eight core stress areas, contributing to exceptional rigidity and improved crash protection.

6 airbags. Protection includes front airbags for the driver and front-seat passenger, two airbags at the sides, and two curtain airbags running the length of the cabin.

[Build your Stonic](#)

Forge new boundaries.

The Stonic features an EcoDynamics+ Mild-Hybrid powertrain, offering high fuel efficiency. By cleverly pairing the latest 1.0 T-GDi gasoline engine with a 48-volt lithium-ion battery, it reduces fuel consumption and vehicle emission levels. What's more, the integrated e-system recovers kinetic energy during deceleration phases to provide torque assistance when accelerating (grade dependent).

- 1. Start.**
The engine is started by the e-system to ensure a prompt and smooth start.

2. Torque assist.
During acceleration or uphill driving, the e-machine provides torque assistance by taking energy from the battery to support the engine.

3. Cruising.
When driving at constant speed, the combustion engine partially recharges the battery on the go if the charge level is low.

- 4. Sailing.**
Mild Hybrid additionally features the 'sailing function'.

5. Energy recuperation.
When decelerating or braking, the energy generated by the vehicle motion is converted into electrical energy to recharge the battery.

6. Moving stop & start.
When decelerating to a stop, the combustion engine turns off automatically during in-gear deceleration and braking to save fuel.

Sailing Mode. When the driver lifts their foot from the throttle and lets the car sail without accelerating or braking, depending on the charge level of the 48-volt battery the engine will seamlessly and smoothly switch off, resulting in a more efficient ride. As soon as the throttle or brakes are pressed, the engine will immediately take over. The sailing function and the distance covered with the engine off depend on driving conditions and vehicle speed.

Relish every detail.

Whether your style is urban or outdoorsy, let your personality shine through with a Stonic interior treatment and make your own personal statement.

Black One-Tone Interior. Standard cloth.
A pleasing combination of soft tricot and lightly patterned woven cloth seat material provides comfort and support. The doors and dash feature trim and painted metal in colors that complement the shades of the cloth trim.

Black Cloth & Grey Faux Leather Upholstery. The interior is upholstered in a combination of soft tricot and woven cloth with a muted dark grey pattern. The coordinated door and dash trim provide a consistently fresh and relaxing environment.

GT-line Black One-Tone Interior.
The GT-line interior includes a GT-Line logo on the steering wheel, a carbon-finish dashboard and a D-cut steering wheel in perforated leather with white stitching. Ergonomically designed seats in black cloth and faux leather feature white stitching and white piping trim for extra style.

Expect more.

True style is knowing your own mind and expressing your own personality. That's why the Stonic comes with a range of custom-designed accessories from eye-catching side trims to striking entry guards and more. Here's just a small selection of the wide range you can choose from to make your Stonic uniquely yours.

Door mirror caps, brushed. Attention to detail can make all the difference. Raise the overall visual impact of your Stonic by complementing its exterior styling with these brushed stainless steel caps. Also available in chrome optic.

Door sill protection foils. Driver and passenger feet can cause everyday wear and tear to your door sills over time. Protect them with a new surface layer and add these durable foils. Available in black and transparent.

Velour carpet mats. Keep your cabin unblemished for longer. These high-quality velour carpet mats will protect your car's interior from everyday dirt and enhance its look at the same time. Tailor-made to fit the footwells perfectly, they feature the Stonic logo in the front row and are held in place with fixing points and anti-slip backing.

Side trim lines, brushed. Uniquely elegant, these brushed stainless steel mouldings give the side contours of your Stonic a new lease of life with a subtle optical touch. A set of 4, also available in chrome optic.

Rear bumper protector, brushed. Whenever you load and unload heavy objects or luggage, this sturdy yet stylish stainless steel protector provides an effective shield to your rear bumper. Also available in chrome optic.

Comfort above all.

Whatever your needs, the Stonic offers a wealth of equipment to help make it feel like it was custom-made for you from the start.

Smart Key & Engine Start/Stop Button. Not need to take your key out of your pocket or handbag. You can access your car and start the ignition with a mere push of a button (grade dependent).

LED projection headlamps. The full LED headlamps produce a more powerful and precise light, allowing you to better detect obstacles at night (grade dependent).

Overhead console lamp with sunglasses case. An overhead console helps you stay organised and keeps your sunglasses just where expect them to be.

Reversing camera. The 8-inch touchscreen displays the image from the rear-view camera with dynamic guidelines to help you steer your Stonic into place (grade dependent).

Heated steering wheel. Give your fingers some welcome respite on cold winter days thanks to the Stonic's heated steering wheel (grade dependent).

Rain sensor. Your front wipers activate when rain is detected on your windscreen (grade dependent).

Heated front seats. With three adjustable warmth settings, the heated front seats and seat backs warm up quickly and then level off after the desired temperature is reached (grade dependent).

Centre console armrest. The comfortable sliding armrest is integrated with a console that includes two cupholders and a storage compartment.

10 more reasons to join our Kia family

Now there are even more reasons to buy a stylish, technology packed Kia. Peace of mind comes as standard when you join the Kia family with the Kia Promise - 10 great owner benefits when you buy your Kia and register at MyKia.

There are a lot of things to consider when buying a new car. Compromising on reliability in the long term shouldn't be one of them. That's why Kia have redefined quality and offers a unique, industry-leading 7 year or 100,000 miles warranty for your peace of mind.

Our Driveaway Insurance has you covered from the minute you leave the Dealership. We will also give you a £250 Excess Return Voucher which pays you back regardless of who you are insured with providing you call Kia Accident Aftercare before you call your insurance company. We will also provide you with a competitive quote for your annual cover.

Our 24/7 Roadside Assistance package is designed for Kia owners in partnership with the RAC. All new cars have complimentary cover for 12 months from the first date of registration. If you register on MyKia, you can unlock Kia Roadside Assistance Plus, giving you the highest level of cover provided by the RAC, including onward travel and European cover.

Order Genuine Kia accessories, where and when you need them! Our Click & Collect service offers choice and convenience, recognising your model from the registration number to ensure you get exactly what you need. Then simply collect at your nearest Dealer, where they can fit them too.

Online service booking offers convenience and flexibility 24/7. Offering quality and value at one of our Dealers nationwide. Kia trained technicians use the latest diagnostic equipment and technology. All of our Genuine Kia parts come with a 2 year warranty. Fully inclusive pricing at the click of a button.

When you own a Kia, you become part of the family and benefit from a relationship based on trust and transparency. When you visit one of our dealers for a service, your vehicle will benefit from a complimentary Health Check, a wash and vacuum and alternative transport if needed. Welcome to the Kia family!

Available to all Kia owners, whoever your insurer and whatever the circumstances, Kia Accident Aftercare will take care of things for you. We will liaise with your insurer, provide a free courtesy car and ensure your car is repaired at a Kia Approved Bodyshop using Kia repair methods and original parts.

Kia offers you free seven-year connected services with Kia Connect. Once activated in your vehicle, Kia Connect (UVO) enables a number of digital features in your car like real-time traffic data. You can also install the Kia Connect (UVO) app on your smartphone and pair it with your Kia to interact with your vehicle in new ways.

We have partnered with Pod Point and bp pulse so you can quickly and conveniently charge your electric and plug-in hybrid Kia at home.

Kia Charge makes public charging easy. Kia Charge is the only solution you need to charge your electric or plug-in hybrid Kia across multiple networks in the UK and Europe.

Kia Care Service Plans

For complete peace-of-mind, Kia can offer you a great value fixed-price servicing package for your Stonic which is called Kia Care. Please speak to your Kia dealer for more information and pricing. Terms and conditions apply.
