

2022 GENESIS G70

## STAY FOCUSED, AND GREAT THINGS SOON FOLLOW.

Five years ago, we launched a new luxury automotive brand called Genesis. There were plenty of skeptics, but we knew success would result from an unflinching focus on three things.

The first is exceptional quality, reliability and durability. From the start, everything we've done has been to ensure your Genesis is built to the highest standards. How are we doing? For 2020, J.D. Power named Genesis the #1 Ranked Premium Brand in Initial Quality in the U.S. – for the fourth year in a row!

The second is innovation. From our industry-leading suite of driver-assist safety features to our connected car smartphone apps and state-of-the-science audio and navigation systems, the technologies Genesis has introduced are redefining the luxury car ownership experience.

A quick glance at the new 2022 G70 confirms our third focus – dynamic design. Like every new Genesis, the G70 possesses a clear visual identity with premium design details that are quickly becoming recognized signatures of our brand.

INTRODUCING THE  
2022 GENESIS G70.

From every angle, the new G70's powerful stance is the boldest expression yet of our Athletic Elegance design language.

G70

## YOU DON'T MESS WITH SUCCESS. YOU ADD TO IT.

The first G70 was a proven winner, earning a trophy case of awards and the respect of driving enthusiasts everywhere. So, for the new G70, we were careful to make precise improvements.

They start with a bolder Crest Grille flanked by Quad Headlamps, strengthening the visual cues that connect all Genesis vehicles. A sharp crease runs along the G70's broad shoulders to the rear, where Quad Taillights clearly reveal an unmistakable design DNA.

Our engineers tuned the G70's suspension and steering for a sporty performance feel. And designed its available All Wheel Drive with razor-sharp cornering in mind. They also added more advanced safety features to a car that already earned the highest safety rating in the industry.

Inside, a larger infotainment display adds to the car's premium look – and responds to your naturally spoken commands using Dynamic Voice Recognition.<sup>2</sup> Accessing your G70 is equally convenient thanks to an available Genesis Digital Key,<sup>3</sup> a technology that turns your smartphone into a magic wand.

# PADDLE SHIFT YOUR WAY TO HAPPINESS.

It's just around the corner. One tap of the paddle downshifts as you brake before entering the curve. Hit the apex, roll on the throttle to exit, and another sequence of taps upshifts your G70 into higher gear.

## FOR THOSE WHOSE FAVORITE SPORT IS DRIVING.

Don't let the fact that it's a luxury sedan fool you. The G70 2.0T is a sports car that just happens to have four doors. If you're a performance enthusiast, you'll feel the responsiveness you crave from the 2.0L Turbo GDI 4-cylinder engine as it unleashes 252 horsepower<sup>4</sup> through an 8-speed automatic gearbox – one that includes paddle shifters on the steering wheel.

Rev-matching helps ensure your engine RPMs are automatically elevated to match the optimum speed of the next gear, resulting in smoother downshifting for peak performance.

Intelligent Drive Mode lets you choose your preferred driving dynamic: Eco, Comfort, Sport, Sport+, Smart or Custom. Each one recalibrates the steering, stability control, transmission and throttle to your chosen mode. Choose the new Sport+ mode, and your 2.0T unlocks a sportier shift pattern and steering response. Select Smart mode, and your car's powertrain and chassis settings are auto-programmed based on past driving habits.

You can even adjust the engine's sonic effects using Active Sound Design technology, which enhances engine sounds with acoustics generated by the audio system. If just reading about it sounds good, imagine hearing it for yourself every time you drive your G70 2.0T.

2.0L TURBO GDI 4-CYLINDER

252 HP

Maximum Output

260 LB-FT

Maximum Torque

8-SPEED

Electronic Automatic

Non-U.S. model with optional features shown

# MORE POWER TO YOU.

In the new G70 3.3T, you'll command 365 horsepower and 376 lb-ft of torque<sup>4</sup> from an all-aluminum 3.3L Twin-Turbo GDI V6. Advanced traction technologies help translate all of that power into elevated levels of performance.

For starters, there's Launch Control, which helps minimize the G70's wheel spin for breathtaking acceleration and increased stability off the line. Available All Wheel Drive includes Dynamic Torque Vectoring Control, which utilizes inner rear-wheel braking for optimal traction and improved agility through corners.

Choose Sport or Sport+ on the 3.3T's Intelligent Drive Mode to engage sportier traction control settings and bring the Launch Control feature into play. Even in these elevated setups, the suspension feels supple – but with enough body control to boost your confidence around tight corners. Both drive modes also activate the G70's Variable Exhaust Valve System, which nets three additional horsepower and tunes the exhaust sound for a deep, throaty growl.

Electronic Automatic

## 01 LIMITED-SLIP DIFFERENTIAL

G70 3.3T drivers can opt for a limited-slip differential that helps improve traction on wet and snowy roads by sending more torque to the wheel with more grip. Exceptional response and stability in corners is also enhanced by distributing torque to the inner wheels to counter centrifugal forces.

## 02 BREMBO® BRAKING SYSTEM

The colorful calipers – in your choice of red or gray – that signal you've chosen the available Brembo high-performance brakes are equipped with larger ventilated discs and 4-piston/2-piston (front/rear) monobloc units that deliver powerful, fade-resistant stopping force.

## 03 ELECTRONICALLY CONTROLLED SUSPENSION

Optional on the 3.3T, this suspension computes real-time data from an array of sensors in the front and rear shocks, then reacts instantly to optimize ride comfort and handling control. Ride control settings can also be set by you, the driver.

# SETTING THE STANDARD FOR SAFETY MEANS ALWAYS RAISING THE BAR.

With added safety innovations for 2022, the new G70 continues to rank among the industry leaders in accident-avoidance and occupant protection features. It now comes standard with a segment-first front center airbag.<sup>5</sup> Safe Exit Warning<sup>6</sup> and an available Blind-Spot View Monitor join the battery of safety and convenience technologies that work seamlessly to alert and assist G70 drivers.<sup>7</sup> Enhancements for 2022 include additional Forward Collision-Avoidance Assist<sup>8</sup> features and a sophisticated Smart Cruise Control that adds automatic speed adjustments based on data from the G70's navigation system.<sup>9</sup>

## 01 LANE FOLLOWING ASSIST & HIGHWAY DRIVING ASSIST

Lane Following Assist is a new G70 feature that helps keep you centered in your lane by scanning lane markers and the path of the vehicle ahead.<sup>10</sup> Another new feature, Highway Driving Assist, helps keep you centered in your lane at a safe cruising distance from the vehicle in front while automatically adjusting for changing speed limits.<sup>11</sup>

## 02 REAR CROSS-TRAFFIC COLLISION-AVOIDANCE ASSIST

Backing out of a parking space and wondering if it's safe? The new G70 comes equipped with sensors that help detect vehicles approaching from the side while exiting a parking space in reverse gear. If necessary, emergency braking is applied to help avoid a collision with cross traffic from the rear.<sup>12</sup>

## 03 BLIND-SPOT VIEW MONITOR & BLIND-SPOT COLLISION-AVOIDANCE ASSIST

Activate your turn signal, and a new Blind-Spot View Monitor displays video from the G70's side-view camera in the instrument cluster. Like an extra set of eyes when you approach the line markings for your lane change, the G70 engages differential braking automatically to help avoid collisions if a vehicle is detected in the rear blind spot.<sup>13</sup>

## 04 FORWARD COLLISION-AVOIDANCE ASSIST

The G70 alerts its driver to potential collisions with vehicles, pedestrians or cyclists in front of the car and automatically applies braking if needed to help avoid a collision. It can also assess the risk of colliding with oncoming traffic while you are turning left in an intersection and bring your G70 to a stop.

## 05 NAVIGATION-BASED SMART CRUISE CONTROL-CURVE

Beyond automatically adjusting your speed to help maintain a safe distance between your car and slowing traffic up ahead, the G70's Smart Cruise Control also reduces your speed automatically when entering a curve, then resumes your previously set speed after exiting.

2021 Genesis G70<sup>14</sup>

Non-U.S. models with optional features shown

# LIVE IN THE MOMENT.

When the touch of a finger or the sound of your voice serves up precisely what you need – when style is inseparable from substance – that's the moment our G70 becomes your G70.

## WELCOME TO TIME WELL SPENT.

Our focus on quality isn't confined to ensuring every Genesis is well-built. We're also laser-focused on how good it feels to sit in your G70. To spend time surrounded by a meticulously designed interior crafted to the highest standards. To touch control knobs cut with a technique called knurling that forms jewel-like facets around the edges. To relax in the comfort and support of available heated and ventilated seats clad in quilted Nappa leather, sewn with double-stitched seams and trimmed with piping.

Open the door of your Genesis G70, and you'll enter a space where the design detail shows a level of refinement usually reserved for a luxury class above. Available amenities include a 16-way power driver seat with power side bolsters and cushion extension, a heated steering wheel and an expansive sunroof.

The G70's sporting character is expressed in a driver-oriented instrument cluster, with large gauges for at-a-glance decision making at speed. It won't take long for you to set those dials in motion. After all, the real quality time begins the instant you start the engine of your G70.

## OPENING DOORS AND ACCESS TO INFORMATION. NOW THAT'S REAL POWER.

On the new G70, touch-type sensors on the front doors grant instant access to spacious seating areas. A hands-free smart trunk automatically pops open to reveal a cargo area that expands beyond the trunk thanks to 60/40 split-folding rear seats.<sup>15</sup>

Slip behind the wheel, and the ability to tailor your driving experience is at your fingertips. Dual automatic temperature controls let both front-seat passengers customize their climate, and a wide sunroof is available for ushering sunbeams and stars inside.

A color 8" screen within the gauge cluster lets you customize the driving vitals being displayed, while an available Heads-up Display projects speed, navigation and safety alerts onto the 3.3T's windshield in fighter-jet fashion. Time to park? An available Surround View Monitor helps navigate tight spaces by displaying multiple angles of your car's perimeter.

Non-U.S. model with optional features shown

## WIDEN YOUR EXPERIENCE.

Sporting a new high-definition 10.25" touchscreen display, the 2022 G70's multimedia system is a whole new experience. The expansive width features convenient split-screen capabilities, so things like audio, weather and maps can have a third of the touch surface all to themselves.

The sonic experience of the G70's available Lexicon® Premium Audio System has to be heard to be believed. Among the strategic placement of 15 premium speakers is a pair of subwoofers located beneath the front seats – ensuring that, in the new G70, you don't just hear the power of the music. You feel it.

No matter where you're seated, Lexicon's high-performance 11-channel amplifier makes the boundaries of your vehicle seemingly disappear. QuantumLogic® Surround technology identifies and re-authors individual voices and instruments into a precise multi-channel soundstage, resulting in a wider and more dynamic listening experience for enjoying SiriusXM Satellite Radio,<sup>16</sup> HD Radio,<sup>TM</sup> Apple CarPlay®/Android Auto™ and Bluetooth® streaming.<sup>17</sup>

## YOUR SMARTPHONE IS NOW YOUR CAR KEY.

A Genesis Digital Key is available for unlocking your G70's doors and starting the engine using your compatible Android™ smartphone or NFC Card Key.<sup>3</sup> At the press of a button, you can easily – and securely – share your G70's digital key with any of the family members you choose.

The Genesis Digital Key instantly recalls the preferences you entered into your driver profile – everything from the driver seat position and audio/navigation system presets to drive modes, safety system presets and more. It's all part of an array of cloud-connected conveniences engineered into the new G70.

## EVEN THE NAV SCREEN IS SMARTER.

Beyond control at your fingertips, the G70 is flush with new features that resemble highly intelligent personal assistants, ready to quickly respond to what you need. Just say the word.

### DYNAMIC VOICE RECOGNITION

Now, you can activate climate controls, select SiriusXM channels, open a window and more using a natural, conversational tone of voice instead of truncated voice commands. You can also ask your G70 'How is Amazon's stock doing today?' or 'Will it rain in Manhattan?' and quickly hear a response.<sup>18</sup>

### CONNECTED ROUTING

Up on the large 10.25" center console navigation screen, the G70's navigation now adds a new feature called Connected Routing that delivers faster cloud-based driving directions with the latest traffic and road conditions.<sup>19</sup>

### OVER-THE-AIR UPDATES

The software and data that enable your G70's digital intelligence can now be updated over the air automatically. No need to wait for an annual maintenance visit to your Genesis retailer in order to get the latest map updates for your navigation system.<sup>20</sup>

# GENESIS CONNECTED SERVICES

With Genesis Intelligent Assistant,<sup>®</sup> you can remotely check to see if you left your G70's doors unlocked or a window open – even view an overhead snapshot of your vehicle and its surroundings – on your mobile device.<sup>21</sup>

Want your G70's cabin to be the perfect temperature when you enter? Ask your Genesis app, or your Amazon Echo<sup>®</sup> or Google Home<sup>™</sup> device, to remotely start the engine and climate controls from the comfort of your couch or office.<sup>22</sup>

The app also lets you check the fuel level and includes a valet alert to help you keep tabs on your car.

Complimentary for your first three years of ownership, Genesis Connected Services can also send monthly vehicle health reports and maintenance reminders, automatically call for assistance in an emergency,<sup>23</sup> and so much more. For information on all of the services available to G70 owners, visit [genesis.com](https://genesis.com).<sup>24</sup>

# GENESIS EXPERIENCE

Our thoughtfully crafted suite of owner benefits is designed to enhance not just the way you drive, but the way you live. It reflects our profound commitment to meeting your needs and wants precisely. And while we can't make more of it, the time-saving features of the Genesis Experience will help you spend your time where it matters most.<sup>25</sup>

## COMPLIMENTARY SERVICE VALET

You may never need to bring your vehicle to a Genesis service center. Allow your Genesis retailer to pick up your G70 and deliver a courtesy replacement vehicle, perform any required maintenance, then return it to your location – while you enjoy more pleasurable pursuits. Complimentary for 3 years or 36,000 miles.

## COMPLIMENTARY SCHEDULED MAINTENANCE

Enjoy a worry-free Genesis ownership experience with Complimentary Scheduled Maintenance for 3 years or 36,000 miles, whichever comes first. Complimentary oil changes are also included with your normally scheduled maintenance appointments at a Genesis service center.

## 24/7 ENHANCED ROADSIDE ASSISTANCE

Peace of mind is another essential luxury. Should your travel plans take an unexpected turn, five-year complimentary Roadside Assistance provides tire changes or transportation to the nearest Genesis retailer. Reimbursement for an overnight stay is included if needed.

## GENESIS CONNECTED SERVICES

Every new G70 includes three years of complimentary Genesis Connected Services. It's an exclusive suite of safety, car care, guidance and remote features that help keep you connected to your digital life and the things you need on the go.

## SIRIUSXM ALL ACCESS SATELLITE RADIO

Complimentary for your first three months, SiriusXM All Access offers one of the widest varieties of entertainment anytime, anywhere. Enjoy every channel available on your satellite radio – including personalized stations powered by Pandora® – and listen in your G70 or on your computer, smartphone or tablet with the SiriusXM app.

## NAVIGATION AND MULTIMEDIA UPDATES

To ensure you're accessing up-to-date driving directions, your G70 navigation system includes annual map updates – complimentary for three years during routine maintenance visits with Genesis. Over the Air Updates are available through Genesis Connected Services.

## 2022 GENESIS G70 OPTION PACKAGES

### G70 2.0T PRESTIGE

#### 2.0T Standard features plus:

- + 19" Alloy Wheels
- + Leather Seating Surfaces & Aluminum Trim
- + Power Tilt-and-Slide Wide Sunroof
- + Lexicon® 15-Speaker Premium Audio System with QuantumLogic® Surround and 11-Channel Digital External Amplifier
- + Parking Distance Warning – Forward & Reverse
- + Integrated Memory System
- + Power Tilt-and-Telescopic Steering Wheel
- + Power Folding Auto-Dimming Side Mirrors
- + Genesis Logo Approach Lights
- + Rain-Sensing Wipers
- + Front Passenger Seat Walk-in Device
- + Passenger 4-way Lumbar Support
- + Wireless Device Charging
- + Front Side Acoustic Laminated Glass

### G70 3.3T SPORT ADVANCED

#### 3.3T Standard features plus:

- + Parking Distance Warning – Forward & Reverse
- + 19" Unique Sport Alloy Wheels
- + Aluminum Trim with Sport Pattern
- + Ventilated Front Seats
- + Power Tilt-and-Slide Wide Sunroof
- + Lexicon® 15-Speaker Premium Audio System with QuantumLogic® Surround and 11-Channel Digital External Amplifier
- + Wireless Device Charging
- + Dark Chrome Grille & Daylight Opening Trim
- + Alloy Sport Pedals
- + Variable Exhaust Valve System
- + Power Driver Seat Side Bolsters and Cushion Extension
- + Genesis Digital Key
- + Front Side Acoustic Laminated Glass

### G70 3.3T SPORT PRESTIGE

#### 3.3T Sport Advanced features plus:

- + Heads-up Display
- + Surround View Monitor
- + Blind-Spot View Monitor
- + Nappa Leather Seating Surfaces
- + Microfiber Suede Headliner
- + Brembo® Braking System
- + Mechanical Limited-Slip Differential
- + Electronically Controlled Suspension
- + Heated Steering Wheel

### G70 ALL WHEEL DRIVE

#### All trim levels add:

- + All Wheel Drive System
- + Heated Steering Wheel (standard on 3.3T Sport Prestige)

### WIRELESS DEVICE CHARGING

We know how essential your smartphone is when you are on the road. That's why the G70 is available with wireless device charging. Place your smartphone on the charging pad, and let the juice flow.

Non-U.S. model with optional features shown

### HEATED/VENTILATED FRONT SEATS

Signature Genesis stitching gives the G70's leather seats a sophisticated look and feel – in any weather. Hot summer day? Ventilation helps you stay cool. Cold winter morning? Turn up the soothing warmth.

### BREMBO® PERFORMANCE BRAKES

The 3.3T Sport Prestige includes the remarkable stopping power of Brembo brakes. Four pistons housed within the red calipers press the brake pads against massive front rotors to help rein in the G70 3.3T's 365 horsepower.

## FOOTNOTES

<sup>1</sup>Genesis received the lowest rate of reported problems among luxury brands in the J.D. Power 2017-2020 U.S. Initial Quality (IQS) Studies measuring new vehicle owners' experience with their vehicle after 90 days of ownership. Visit [jdpower.com/awards](http://jdpower.com/awards) for more details. <sup>2</sup>Dynamic Voice Recognition varies by unit. Speak in a normal voice and minimize background noise for best results. See Owner's Manual for details and limitations. <sup>3</sup>Near Field Communication (NFC) digital smartphone key requires a compatible Android smartphone and an appropriately equipped 2022 G70 vehicle. Not all Android devices are compatible. The Genesis G70 must be equipped with smart key with push button start, wireless device charging, and Audio Video Navigation System 5.0 (or newer) or Display Audio 2.0. Lock/unlock functionality works on the front doors only. Features and specifications subject to change. See your Owner's Manual or visit your local Genesis retailer for details and limitations. <sup>4</sup>Horsepower and torque ratings with premium fuel. <sup>5</sup>Claim based on comparison of specifications on manufacturer websites. <sup>6</sup>When the vehicle is parked, Safe Exit Warning (SEW) can alert occupants planning to exit when a detected vehicle is approaching from behind. SEW does not work in all situations and is not a substitute for driver or passenger attentiveness. Always be aware of your surroundings and attentive of approaching vehicles. See Owner's Manual for details and limitations. <sup>7</sup>Blind-Spot View Monitor (BVM) assists the driver in changing lanes by providing a live view of the blind spots on either side of the vehicle and an audible alert if another vehicle is detected. Turn signal must be activated, and other system limitations apply. Do not rely exclusively on BVM. It is the driver's responsibility to be aware of the surroundings and ensure it is clear before changing lanes or directions. See Owner's Manual for details and limitations. <sup>8</sup>Forward Collision-Avoidance Assist (FCA) with Pedestrian and Cyclist Detection helps detect pedestrians and cyclists, but not in all conditions. FCA is designed to assist drivers to avoid, or reduce the severity of, collisions with cars that have slowed or stopped in front of them. FCA also helps the driver avoid collisions involving drifting into an oncoming traffic lane or merging into another lane by applying the opposing front brake only when the lane markings are clearly visible on the road. The system is not designed to detect certain stationary objects such as trees or poles, and may not detect all vehicles, pedestrians and cyclists under certain road, weather and vehicle conditions. It is a supplemental assist and does not replace the need for extreme care and attention by the driver. FCA may not stop the vehicle completely and will not avoid all collisions. The driver is responsible for being attentive and maintaining control of the vehicle, and should not wait for the system's alerts before braking as there may not be sufficient time to brake safely. See Owner's Manual for details and limitations. <sup>9</sup>Smart Cruise Control (SCC) is not a collision-avoidance or warning device. SCC is for highway use only and should not be used in poor weather, heavy or varying traffic, or on winding or slippery roads. The driver remains responsible to slow or stop the vehicle to avoid a collision. SCC initiates a full stop when the traffic ahead stops and reengages if the vehicle ahead moves forward within 3 seconds. See Owner's Manual for details and limitations. <sup>10</sup>Lane Following Assist (LFA), when actively engaged with Smart Cruise Control or Highway Drive Assist, can help keep the vehicle centered in its lane when the lane markings are clearly visible on the road. LFA will not work under all circumstances and will not prevent loss of control. It is a supplemental assist and does not replace the need for extreme care and attention by the driver. See Owner's Manual for details and limitations. <sup>11</sup>Highway Driving Assist (HDA), when used in conjunction with Lane Following Assist and Smart Cruise Control, is for highway use only and can help keep your vehicle centered in its lane while maintaining a safe distance from other vehicles ahead when the lane markings are clearly visible on the road. HDA should not be used in poor weather, heavy or varying traffic, or on winding or slippery roads. HDA will not work under all circumstances and will not prevent loss of control. Driver remains responsible to slow or stop the vehicle to avoid a collision. See Owner's Manual for details and limitations. <sup>12</sup>Rear Cross-Traffic Collision-Avoidance Assist (RCCA) is designed to notify drivers of approaching cross traffic behind their vehicle. When another vehicle is detected while you are backing out of a parking spot, it provides audible and visual display warnings and applies braking if it senses a collision is imminent. RCCA is active when the vehicle is in reverse gear and backing at a speed less than 6 mph. It only engages during the first activation of reverse gear from park and may not detect all vehicles, depending on the size, angle, distance and speed of the other vehicle. Never rely exclusively on RCCA. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the system. See Owner's Manual for details and limitations. <sup>13</sup>Blind-Spot Collision-Avoidance Assist (BCA) assists the driver by warning of other cars in the rear blind spot region. There are limitations to the function, range, detection and clarity of the system. BCA may not operate if sensors are obscured in any way. Do not rely exclusively on BCA – it is a supplemental system, and the driver must be attentive and exercise caution when driving. It is important to

always signal, look over your shoulder and through your mirrors before changing lanes. See Owner's Manual for details and limitations. <sup>14</sup>To qualify for 2021 TOP SAFETY PICK+, a vehicle must earn good ratings in the driver-side small overlap front, passenger-side small overlap front, moderate overlap front, side, roof strength and head restraint tests. It also must earn an advanced or superior rating for vehicle-to-vehicle and vehicle-to-pedestrian front crash prevention and come with standard acceptable- or good-rated headlights. For details visit [www.iihs.org](http://www.iihs.org). <sup>15</sup>The smart trunk will open when your Proximity Key is within 40 inches of the detection area for at least 3 seconds. Radio transmitters and other vehicle smart keys may interfere with the normal operation of this feature. See Owner's Manual for details and limitations. Always close your trunk before operating vehicle. <sup>16</sup>All SiriusXM services require a subscription sold separately, or as a package, by Sirius XM Radio Inc. after the trial period has elapsed. The subscription plan you choose will automatically renew, and you will be charged according to your chosen payment method at then-current rates. Fees and taxes apply. To cancel, you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at [siriusxm.com](http://siriusxm.com). All fees and programming subject to change. Satellite and outside-the-car lineups vary slightly. Sirius, XM, SiriusXM and all related marks and logos are trademarks of Sirius XM Radio Inc. <sup>17</sup>Apple CarPlay works with iPhone 5 and later models running the latest version of iOS 7.1 and above. Apple is a registered trademark of Apple Inc. Android Auto requires the Android Auto app on Google Play and an Android-compatible smartphone running Android 5.0 Lollipop or higher. Google, Android, Android Auto, Google Play and other marks are trademarks of Google Inc. <sup>18</sup>An active Genesis Connected Services (GCS) subscription is required for the web search function to operate. Vehicle commands do not require a GCS subscription. <sup>19</sup>Connected Routing helps drivers access the latest traffic and road conditions. It requires an active subscription to Genesis Connected Services and a wireless connection. See Owner's Manual for details and limitations. <sup>20</sup>Over-the-air updates require a Genesis Connected Services Guidance package subscription. <sup>21</sup>Remote features are subject to adequate cellular coverage, signal strength and battery power, and only available in the 50 United States. You must be an active subscriber or within the initial free-trial period to receive Genesis Connected Services. <sup>22</sup>Amazon, Alexa and all related logos and motion marks are trademarks of Amazon.com, Inc. or its affiliates. Google Home and Google Assistant are trademarks of Google Inc. <sup>23</sup>Genesis Connected Services agents will contact existing emergency service responders. <sup>24</sup>Genesis Connected Services are complimentary for 3 years and require an active subscription agreement subject to the Connected Services Terms and Conditions. Three-year term starts from the new vehicle date-of-first-use and is available for new 2022 model-year vehicle purchases and leases, as well as transferable to subsequent owners subject to the Terms and Conditions. Only use Genesis Connected Services and corresponding devices when safe to do so. Cellular and GPS coverage is required. Features, specifications, and fees are subject to change. For more on details and limitations, visit [genesis.com](http://genesis.com) or an authorized retailer of Genesis branded products. <sup>25</sup>See Genesis Experience Notes below for program details and limitations. <sup>26</sup>EPA estimates for comparison only. Mileage may vary. Your actual mileage will vary with options, driving conditions, driving habits and the vehicle's condition.
