**ELEGANT SPORTING APPEAL, TAKEN TO THE MAXIMUM.** THE BMW 4 SERIES –  
A MARRIAGE OF ATHLETICISM AND AESTHETICS. SLEEK, SPORTY SILHOUETTE,  
A MUSCULAR REAR AND A REDESIGNED FRONT SECTION PROVOKES DESIRE  
AND ADMIRATION. WITH ITS POWERFUL AND EFFICIENT BMW TWINPOWER TURBO ENGINES,  
IT NOT ONLY TAKES TOP SPOT, BUT EXTENDS ITS LEAD.  
**THE BMW 4 SERIES COUPÉ, CONVERTIBLE AND GRAN COUPÉ.**

**BMW EFFICIENTDYNAMICS.**  
**LESS EMISSIONS. MORE DRIVING PLEASURE.**

[www.bmw.co.uk/efficientdynamics](http://www.bmw.co.uk/efficientdynamics)

**MORE POWER  
FROM LESS FUEL.**

More power from three to twelve cylinders. Consume less, experience more – the **BMW TwinPower Turbo** engines offer the greatest possible dynamic performance with the greatest possible efficiency thanks to the newest injection systems, variable output control and sophisticated turbocharger technology. Whether diesel or petrol, and no matter how many cylinders, the engines from the BMW EfficientDynamics engine family allow more agile power delivery and outstanding responsiveness even at low rpms, while being fuel-efficient and low in emissions.

**MORE DRIVING PLEASURE,  
LESS EMISSIONS.**

**BMW EfficientDynamics** includes not only the engine and drivetrain, but rather the whole vehicle concept, including intelligent energy management. Provided as standard in every BMW, a variety of innovative technologies contribute to continuously improving efficiency. Via engine efficiency measures, electrification, lightweight construction methods and optimised aerodynamics, BMW is striving to reduce the CO<sub>2</sub> emissions of its fleet.

**MORE SPEED,  
LESS WEIGHT.**

Lower weight with intelligent lightweight construction. Special consideration for every last detail – intelligent lightweight construction means that the optimal material is found and implemented for each part of the vehicle. With extremely light high-tech materials such as aluminium and carbon fibre, **BMW EfficientLightweight** is pursuing the goal of minimising vehicle weight. That leads to even more dynamic performance, increased stability and heightened vehicle safety and comfort.

**BRAKE ENERGY  
REGENERATION**

Brake Energy Regeneration uses the energy that is created when the driver eases off the accelerator or brakes. Thus, the alternator is used efficiently, and kinetic energy that so far went unused can now be turned into electric energy to charge the battery. Fuel consumption is reduced and performance increases.

**AERODYNAMICS**

Every BMW boasts an excellent drag coefficient, thanks to aerodynamic optimisations that complement each other perfectly. This in turn has a positive effect on efficiency and fuel consumption. Examples include the flat undercarriage cover and aerodynamically optimised exterior mirrors.

**INTELLIGENT START/STOP  
FUNCTION**

The Automatic Start/Stop function switches off the engine when the vehicle comes to a temporary standstill (e.g. at traffic lights or in a traffic jam), which can reduce overall fuel consumption. When the driver presses down on the clutch (manual) or takes their foot off the brake (automatic), the engine automatically starts up again in a fraction of a second.

**THE BMW 4 SERIES COUPÉ, CONVERTIBLE  
AND GRAN COUPÉ – DYNAMIC AND EFFICIENT.**

REGISTERS UP TO **360** DEGREES  
OF THE VEHICLE'S SURROUNDINGS.

Enjoy the greatest convenience and the highest level of safety with BMW ConnectedDrive. For driving, parking and visibility, the BMW ConnectedDrive driver assistance systems are there when you need them, reliably, in every situation. The most cutting-edge systems, such as radar, ultrasound and cameras, dependably register the vehicle's surroundings, forming the basis for intelligent driver assistance systems. Whether activated when desired, or as emergency assistance in the background – the assistance systems from BMW ConnectedDrive make every drive in your BMW safer and more convenient.

CONNECTED FOR OVER **20**  
YEARS.

Focused on the future – from the very beginning. By the 1990s, BMW had already made headway in connected mobility. Another milestone of the digital future was surpassed in 2004 with vehicles with built-in SIM cards. Then came the first online functionality, Google Services and innovative display systems such as the BMW Head-Up Display. Throughout this process, the desires of the customer have always taken centre stage. In a first for a premium automobile manufacturer, BMW makes it possible to book and pay for services flexibly via the BMW ConnectedDrive Store, in the vehicle or on a computer at home. And with the introduction of BMW Connected and the Open Mobility Cloud, BMW is taking the next steps into the future of mobility.

IN TOUCH **24/7**  
WITH BMW CONNECTED.

What would it be like if you were never late again? What if your BMW already knew your preferred destinations? How would you like reliable navigation, whether you're sitting in your vehicle or not? BMW Connected provides you with the information you want, when and where you want it. BMW Connected is a personal mobility assistant which facilitates your everyday mobility and aids you in reaching your destinations relaxed and on time. With the BMW Connected app, mobility-relevant information such as recommendations for optimal departure times are available at any time via smartphone or smartwatch and can be seamlessly transmitted to the car.

MORE THAN **20** SERVICES  
IN THE BMW CONNECTED DRIVE STORE.

ConnectedDrive Services forms the basis for intelligent BMW ConnectedDrive functions, as well as for the integration of selected smartphone apps. This equipment also provides access to the BMW ConnectedDrive Store, in which services and apps can be ordered or extended any time and anywhere to suit the user's individual requirements – for example with Concierge Service or Online Entertainment, which can turn every drive into a convenient and entertaining experience.

**BMW CONNECTED.**

BMW Connected is a personal mobility assistant which facilitates everyday mobility and assists drivers in reaching their destinations relaxed and on time. Relevant mobility information, such as recommendations for optimal departure times, are available outside of the vehicle via a compatible smartphone or compatible smart watch, and can be seamlessly transmitted to the vehicle.

**PARK ASSIST.**

Park Assist<sup>1,2</sup> makes parking simple. The system works by measuring potential parking spaces while driving past at a low speed. When a suitable space has been found, the Park Assist takes over the steering, while the driver is responsible for selecting the correct gear, as well as pressing the accelerator and brakes.

**DRIVING ASSISTANT.**

Driving Assistant<sup>1,3,4</sup> combines the Lane Departure Warning and approach control warning systems. When travelling at speeds up to 35mph, the approach control and person warning with light city braking function issues a warning if there is a risk of collision with vehicles or pedestrians, and brakes the vehicle in the event of an emergency. At speeds above approximately 45mph, the Lane Departure Warning draws the driver's attention to an unintentional lane change by means of slight vibrations of the steering wheel.

**SURROUND VIEW.**

Surround-view<sup>1,2,4</sup> includes the camera-based functions Top-view and Side-view. Cameras in the exterior mirrors and a rear-view camera allow a 270° view to be shown on the Control Display, as well as an overhead view. Side-view makes it easier to approach intersections and side roads with difficult visibility.

<sup>1</sup> Available as optional equipment.

<sup>2</sup> Only available with and included in Park Assist package.

<sup>3</sup> Only available with and included in Driving Assistant package.

<sup>4</sup> Function may be limited in darkness or in fog.

# SUSPENSION AND SAFETY.

■ Standard equipment □ Optional equipment

The **Variable Sport steering** with Servotronic creates a direct and agile steering response and ensures less physical effort is required to turn the wheel. It reacts to the angle of the steering wheel with varying steering ratios. This improves handling when driving more dynamically and reduces the effort needed to steer when parking and turning. SPORT+ mode is a further feature of this option.<sup>1</sup>

BMW Emergency Call reacts automatically if an accident occurs and gets help for you and your passengers. It contacts specially trained BMW Call centre agents who offer support to you and your passengers until the emergency services arrive. The first responders also receive important information directly.

**Drive Performance Control** lets the driver choose between the standard Comfort mode, the more efficient ECO PRO mode and Sport and Sport+ modes for an even more dynamic drive. ECO PRO mode adjusts the characteristics of automatic transmission and heating/air conditioning settings to make the drive as fuel efficient as possible.<sup>2</sup>

The intelligent **BMW xDrive all-wheel drive system** smoothly and variably distributes drive power to the front and rear wheels for maximum traction, driving dynamics and safety in every driving situation. For even better agility, the electronically controlled power distribution counterbalances over and under-steering on bends.<sup>1</sup>

The **Adaptive M Sport suspension** can be electronically adjusted at any time to suit the road and driving conditions. The driver can also adjust the suspension characteristics via the Drive Performance Control to enable their preferred driving style at the time – from comfortable to extremely athletic with markedly agile handling.<sup>1</sup>

■ **Dynamic Stability Control+ (DSC+)** stabilises the vehicle as soon as any skidding motion is detected. Its extended functionality includes Cornering Brake Control (CBC), Hill-start and Brake Assist, brake drying and braking readiness. For even more athletic driving, the Dynamic Traction Control (DTC) function allows increased wheel slip.

■ From the daytime running lights to low and high beams, all of the functions in the **LED Headlights** have a longer lifespan and save more energy thanks to LED technology. The dynamic headlights feature automatic light range regulation, increased visibility at night and in bad weather thanks to excellent illumination with a light colour similar to daylight.

■ The **Airbags** for driver and front passenger, as well as the side airbags integrated into the front seat backrests, are integral elements of the well-interconnected safety components of each BMW and offer targeted protection in case of an accident.

■ **BMW Emergency Call** reacts automatically if an accident occurs and gets help for you and your passengers. It contacts specially trained BMW Call centre agents who offer support to you and your passengers until the emergency services arrive. The first responders also receive important information directly.

■ **Tyre pressure monitoring** with a three-level warning strategy reads the tyre pressure at all times and automatically warns the driver of any loss of pressure. The system detects the air pressure of each tyre via a sensor and transmits the values wirelessly to a control unit. So Tyre pressure monitoring is capable of displaying both slow and rapid loss of air pressure.

■ The **roll-over protection system** in the rear headrests ensures optimum head protection should the car roll over – guaranteeing a higher degree of safety.<sup>3</sup>

<sup>1</sup> Available as optional equipment.

<sup>2</sup> Only in conjunction with Sport automatic transmission, Variable Sport Steering or Adaptive M Sport suspension.

<sup>3</sup> Only available for Convertible models.

SPORT.

■ Standard equipment □ Optional equipment

**Sport model exterior equipment:**

- Kidney grille, Chrome with extra-wide Black, High-gloss vertical slats
- Air breather, Black, High-gloss
- 18" light alloy Double-spoke style 397 wheels; other wheels available
- Exterior trim Black, High-gloss
- Front air inlet with Black, High-gloss finisher
- Rear bumper with Black, High-gloss finisher
- Exhaust tailpipes with Dark Chrome finisher

**Sport model interior equipment:**

- Door sill finishers with BMW designation
- Sport seats in Dakota leather
- Sport multi-function leather steering wheel with Red contrast stitching
- Air conditioning and radio control panel in Black, High-gloss
- Ambient lighting – switchable BMW Classic Orange/Cold White LED
- Centre console panel highlight in Chrome
- Drive Performance Control with ECO PRO, Comfort, Sport and Sport+ modes
- Interior trim Black, High-gloss with Coral Red finisher
- Remote control, with integrated key and inset in Red
- Sport instrument cluster with Red highlight and chrono scale

■ The Sport leather steering wheel with a thick rim and contoured thumb rests has an exceptionally pleasant, high-grip feel.

■ Sport seats shown here upholstered in Black Dakota leather with Red highlight emphasise the sporty interior.

■ 18" light alloy Double-spoke style 397 wheels, Bicolour Orbit Grey, 8J x 18 with 225/45 R18 tyres.

□ 19" light alloy Star-spoke style 407 wheels, Bi-colour Orbit Grey with mixed run-flat tyres, front 8J x 19 with 225/40 R19 tyres and rear 8.5J x 19 with 255/35 R19.

■ Standard equipment    □ Optional equipment

**M Sport model exterior equipment:**

- M aerodynamic bodystyling
- Kidney grille with Chrome extra-wide High-gloss Black vertical slats
- 18" M light alloy Double-spoke style 400 M wheels with mixed tyres
- M Sport suspension (excluwding xDrive models)
- Exterior trim, High-gloss Shadowline
- M designation on the sides
- Exhaust tailpipe (dual, left) with Chrome finisher
- Air Breather in High-gloss Black

**M Sport model interior equipment:**

- M door sill finishers
- Aluminium Hexagon interior trim with an Estoril Blue finisher (extends to front and rear)
- M Sport leather steering wheel (three-spoke) with multi-function buttons
- Remote control with integrated key with Blue inset
- Headlining in Anthracite
- M gear selector ever in Nappa leather (manual transmission)
- M Sport instrument cluster

■ The cockpit featuring the M Sport multi-function leather steering wheel, Navigation system - BMW Professional Multimedia with 8.8" display and two-zone automatic air conditioning.

■ 18" M light alloy Double-spoke style 400 M wheels, front 8J x 18 with 225/45 R18 tyres, rear 8.5J x 18 with 255/40 R18 run-flat tyres. Standard for M Sport models.

□ 19" M light alloy Star-spoke style 403 M wheels, front 8J x 19 with 225/40 R19 tyres, rear 8.5J x 19 with 255/35 R19 run-flat tyres.

■ Door sill finishers with M designation in the front sills emphasise the vehicle's athletic ambitions.

# BMW INDIVIDUAL.

THE EXPRESSION OF PERSONALITY.

Silky matt and expressive. The optional BMW Individual Frozen Bronze metallic paintwork has a unique finish with a silky sheen that emphasises every curve and every surface of the BMW 4 Series Gran Coupé.

The optional BMW Individual Piano Black interior trim with Pearl Chrome finisher draws attention to the fascinating contours in the interior with its sporty yet classy appeal.

The optional BMW Individual leather steering wheel is modelled on the Sport leather steering wheel and is finished in attractive fine-grained Merino leather. The thicker steering wheel rim is optimally shaped for superior comfort. Exclusively available for Sport models.

The BMW 4 Series Gran Coupé. Inspired by BMW Individual.

The BMW Individual Collection offers a wide repertoire of exclusive equipment options that allow you to realise your very own wishes for your BMW 4 Series Gran Coupé. Each is distinguished by exquisite materials and craftsmanship of the highest quality. BMW Individual represents perfection down to the smallest detail.

EQUIPMENT HIGHLIGHTS.

■ Standard equipment □ Optional equipment

□ The BMW Icon Adaptive LED Headlights adjust their light distribution according to speed and steering angle. They provide optimum illumination of the road ahead, improve visibility in the dark and feature a range of functions: white LED corona rings, cornering lights, indicators, daytime running lights and Adaptive headlights. Exclusively available as part of Visibility package.

□ The Electric glass sunroof with sun protection offers a bright interior atmosphere and a generous sense of space. Convenient opening and closing of the sunroof can be operated via remote key and one-touch function. Exclusively available for Coupé and Gran Coupé models as part of Premium package.

■ The Rain sensor with automatic headlight activation automatically switches on the windscreen wipers when required and adjusts the wiper frequency to the rainfall intensity. When the light conditions require, the integrated automatic headlight activation activates the low-beam headlight.

□ The M Sport braking system has four-piston fixed calipers at the front and two-piston floating calipers at the rear in Blue with M designation and features large brake discs to ensure an outstanding braking performance. Only available as part of M Sport Plus package.

■ The smoked rear lights with LED technology consist of individual high-performance LED lighting elements and have the characteristic, typical BMW L-shape ensuring that the vehicle is clearly recognisable as a BMW, even in the dark.

□ Comfort Access allows keyless entry to the vehicle via both the driver and passenger doors as well as the bootlid. The key, which can be carried in a trouser pocket or handbag, for example, is automatically recognised as soon as it is in close proximity to the car. It includes handle-area lighting in the outside door handles, front and rear. Comfort Go, keyless starting of the engine, is included as standard. In combination with the Exterior windows (folding and automatically dimming) option, the exterior windows can be folded by holding the lock button on the remote key after or whilst locking the vehicle. Included in the Driver Comfort package. The feature description may differ between models. Please ask your BMW Retailer for a full description of the functionality for your chosen vehicle.<sup>1</sup>

□ The exterior trim in Satin Aluminium emphasises the vehicle's distinctive nature. It includes a range of exterior features such as side window surrounds, window recess finishers as well Air Breather trim elements in Satin Aluminium. In appealing contrast to this, the mirror bases, mirror triangles and window guides as well as the trims on the B and C pillars are all finished in a stylish matt Black. Exclusively available for Sport models.

□ The wind deflector provides the driver and front passenger with effective protection from draughts at neck and shoulder-height, even when travelling at high speeds. When it is not needed, the collapsible sides can simply be folded together for easy and compact storage. Exclusively available for Convertible models as part of Convertible Comfort package.

□ The air collar ensures comfort when driving by pleasantly providing warmth for the head and shoulders. When the roof is open, the warming system integrated into the front seats is automatically regulated based on the speed and outside temperature. Three different temperature levels can also be personally selected. Exclusively available for Convertible models as part of Convertible Comfort package.

<sup>1</sup> Includes operation of the retractable hard-top on Convertible models. Contactless opening is only available on Gran Coupé models.

# M4 COUPÉ COMPETITION.

Driving pleasure intensified: M automobiles combine the best of each model range with the dynamic genes of BMW M to create a class of their own. An exclusive offer from BMW M GmbH, they embody style with razor-sharp design and impress with the most powerful drivetrains and maximum dynamics. At the same, they also offer high levels of comfort.

□ The lightweight M Sport seats featuring width-adjustable side bolsters offer perfect lateral support, while the breakthrough elements in the BMW M4 Coupé Competition ensure effective ventilation on the racetrack. Shown here in BMW Individual Full Black Merino leather with contrast stitching in Sakhir Orange.

□ The exclusive forged 20" M light alloy Star-spoke style 666 M wheels with mixed tyres, shown here in Black, impress both with their striking looks and their grip.

# BMW M4 CONVERTIBLE COMPETITION.

■ Standard equipment □ Optional equipment

Facetted surfaces, precise contours and a strong three-dimensional effect are a compelling expression of the BMW M4 Convertible Competition design philosophy. Athletic side contours and the sporty, flat rear are highly dynamic and exceptionally elegant at the same time.

□ The M Sport seats with illuminated badges are characterised by perfect ergonomics and outstanding body support during dynamic driving. Shown here upholstered in optional Silverstone Full Merino leather.

□ The M light alloy wheels feature a sporty design and also contribute to a reduction in weight. Optional 19" M light alloy Double-spoke style 437 M wheels with mixed tyres, shown here in Jet Black.

# EQUIPMENT HIGHLIGHTS.

■ Standard equipment    □ Optional equipment

□ The outstanding harman/kardon loudspeaker system features a 600 watt digital amplifier, 9 channels and 16 loudspeakers with chrome detailing. Its sophisticated sound perfectly fills the interior space. Vehicle-specific, speed-dependent equalising precisely compensates for any background driving noise.<sup>1</sup>

■ Extended lighting creates an atmospheric ambience in the interior. It includes a variety of additional LED lights: front and rear reading lights, vanity mirror lights for driver and front passenger, front footwell lights, ambience light in the front and rear, door handle lighting, as well as exit lights in the front doors and exterior door handle light using LED technology.

■ Sport seats for driver and front passenger provide optimum lateral support with their raised side bolsters and manually adjustable thigh support. The seat height, backrest angle, seating position and seat angle can also be adjusted. Seats shown here include optional Air collar, exclusively for Convertible models. Seats featured in Black Dakota leather with Blue highlight which are exclusively available for M Sport models.

■ The rear seats are individually formed, offering great comfort and with flexibility in the luggage compartment thanks to the asymmetrically dividable rear seat backrest.<sup>2</sup>

□ The Digital Cockpit with Black panel technology and a high resolution display provides an impressive visualisation of the driving experience. Three different modes and their specific displays – each of which have their own colour scheme and graphic style – can be displayed in the instrument cluster: ECO PRO, COMFORT and SPORT. Exclusively available as optional equipment for M Sport models.

□ The full-colour Head-up Display projects information relevant to the journey directly into the driver's field of vision. Only available as part of Technology package.

□ Active Cruise Control with Stop&Go function maintains a preselected speed, as well as the distance to the vehicle ahead. Only available as part of Driving Assistant package.

■ The BMW Professional Multimedia Navigation system, including USB interface, 8.8" LCD colour display and BMW Professional radio with a DVD player, comes with a three-dimensional map display and 20GB of memory. The system is operated intuitively via the iDrive Touch Controller or touch screen. Map updates are available for three years without license fees. Optionally available for Sport models in combination with Technology package.

□ Enhanced Bluetooth with wireless charging offers a comprehensive telephony package with Bluetooth connectivity and the technical capacity for a WiFi hotspot.<sup>3</sup>

□ Concierge Services puts the driver through to a BMW Call Centre agent at the touch of a button. The agent can locate a particular restaurant, the closest cash dispenser or an emergency pharmacy and send the address details directly to the car's BMW navigation system. Available and active for three years. Can be extended or renewed thereafter at an extra cost.

□ Park Assist makes parking simple. The system works by measuring potential parking spaces while driving past at a low speed. When a suitable space has been found, the Park Assist takes over the steering, while the driver is responsible for selecting the correct gear, as well as pressing the accelerator and brakes. Exclusively available as part of Park Assist package.

□ The eight-speed automatic transmission with Steptronic ensures particularly smooth gearshifts and outstanding driving comfort, thanks to fast engine speed transitions and tightly spaced gear ratios. It unites superb comfort with impressive dynamics and increased fuel efficiency.

□ BMW Individual steering wheel is finished in fine-grained Merino leather and has a thicker rim. Exclusively available for Sport models.

■ Automatic air conditioning features separate controls for the driver and front passenger. It also includes automatic air recirculation, an active carbon filter, a fog and solar sensor, as well as rear air vents.

<sup>1</sup> Convertible with 515 watt digital amplifier, 9 channels and 12 loudspeakers.  
<sup>2</sup> Only available for the Coupé and Gran Coupé.  
<sup>3</sup> For Smartphones without an inductive charging function, special charging cases are available to purchase via BMW Parts and Accessories.

EXTERIOR COLOURS.

<sup>2</sup> Exclusively available as part of the M Sport Plus package.

<sup>3</sup> Only available for Coupé and Gran Coupé models.

# WHEELS AND TYRES.

□ 19" M light alloy Double-spoke style 704 M wheels, Ferric Grey with mixed run-flat tyres, front 8J x 19 with 225/40 R19 tyres and rear 8.5J x 19 with 255/35 R19. Only available as part of M Sport Plus package.

□ 19" M light alloy Double-spoke style 704 M wheels, Bicolour Jet Black with mixed run-flat tyres, front 8J x 19 with 225/40 R19 tyres, rear 8.5J x 19 with 255/35 R19. Only available as part of M Sport Plus package.

■ 19" light alloy Star-spoke style 407 wheels, Bicolour Orbit Grey with mixed run-flat tyres, front 8J x 19 with 225/40 R19 tyres and rear 8.5J x 19 with 255/35 R19. Optional for Sport models.

□ 19" M light alloy Star-spoke style 403 M wheels, front 8J x 19 with 225/40 R19 tyres, rear 8.5J x 19 with 255/35 R19 run-flat tyres. Optional for M Sport models.

■ 18" light alloy Double-spoke style 397 wheels, Bicolour Orbit Grey, 8J x 18 with 225/45 R18 tyres. Standard for Sport models.

■ 18" M light alloy Double-spoke style 400 M wheels, front 8J x 18 with 225/45 R18 tyres, rear 8.5J x 18 with 255/40 R18 run-flat tyres. Standard for M Sport models.

# GENUINE BMW ACCESSORIES.

■ Standard equipment □ Optional equipment ○ Accessories

○ Rear bike carrier is lightweight yet sturdy and can carry up to 60kg. Exceptionally easy to use, it carries two bikes or e-bikes. Its tilt function allows easy access to the luggage compartment at all times.

○ BMW M Performance light alloy Double-spoke style 405 M wheels.

○ The BMW M Performance Black Kidney grilles are an easy way to customise your car and make it stand out.

○ The all-weather floor mats in Black protect your footwell from dirt and moisture.

○ The Travel & Comfort system with iPad Holder and Safety Case protects your iPad and allows you to attach it to the headrest bars. Other tablet holders available.

○ The wireless charging case for Apple iPhones allows you to charge your phone wirelessly. (Requires Enhanced Bluetooth with wireless charging).

○ Fitted luggage compartment mat in Black with storage pockets and raised edge to protect the luggage compartment from dirt and spills.

**BMW 440i M SPORT GRAN COUPÉ:**

BMW TwinPower Turbo six-cylinder in-line petrol engine, 326hp (240kW), 19" M light alloy Double-spoke style 704 M wheels with mixed-size tyres, exterior colour in Frozen Silver metallic, Aluminium Carbon interior trim with Pearl Chrome finisher.<sup>1</sup>

**BMW 440i M SPORT COUPÉ:**

BMW TwinPower Turbo six-cylinder in-line petrol engine, 326hp (240kW), 19" M light alloy Double-spoke style 704 M wheels with mixed-size tyres, exterior colour in Snapper Rocks Blue metallic, seats in Black Dakota leather, Aluminium Carbon interior trim with Pearl Chrome finisher.

**BMW 420i SPORT CONVERTIBLE:**

BMW TwinPower Turbo four-cylinder in-line petrol engine, 184hp (135kW), 19" light alloy Double-spoke style 407 wheels, Bicolour Orbit Grey with mixed-size tyres, exterior colour in Sunset Orange metallic, seats in Ivory White Dakota leather.

<sup>1</sup> Equipment combination not available for the UK market. For further details, please speak to your local BMW Retailer.

The models illustrated in this catalogue show the equipment and configuration options (standard and optional) for vehicles produced by BMW AG for the German market. Alterations in standard and optional equipment and the configurations available for the different models, as described in this brochure, may differ at the time of printing, or according to the specific requirements of other markets. Your local BMW Retailer is available to provide further details. Subject to alteration in design and equipment. Part number 01 29 2 466 874 V2. November 2019.
