LEASYS
CARE, THEN CARS

Leasys offers rental and mobility services for individuals, professionals and companies of all size and public administrations: from short-and-medium term rental, long term to car sharing, and from subscription to fleet management, up to the online sale of used end-of-lease cars. Leasys is an all-round mobility operator offering flexible and digital solutions. For those who wish to drive Fiat 500 and enjoy the experience without thinking at the car management it is possible to rent 500 with Leasys Miles, the pay-per-use offer. Thanks to this innovative formula, Leasys responds to the needs of those who use the car mainly around the city and have a low annual mileage. Leasys Miles has a duration of 48 months, has no down payment and it is characterized by an advantageous monthly fee, to which is added a variable fee calculated on the basis of the kilometers actually travelled. The first 1,000 kms are already included in the fee. It is also possible to enrich the basic rental with additional assistance services and insurance coverages to enjoy the car and its use truly with no worries. To more details, consults www.leasys.com

FINANCE PACKAGES AND INSURANCE SERVICES

FCA Bank is the digital bank dedicated to motorists specialized in the car financing. Whether you are a private customer, professionals or run your own business, FCA BANK offers you the best and most flexible financial solutions to facilitate your purchase of Fiat 500 so that you can drive it away. With FCA Bank, you can combine your finance with high value-added insurance services tailored to meet your requirements: fire and theft, collision and fully comprehensive insurance, extended warranty, and windscreen or vehicle security marking. Who says style can't be comfortable? Every detail of the **Fiat 500 Sport** is created to be cool and functional at the same time.

INFOTAINMENT SYSTEM.

The Fiat 500 isn't just an exemplar of style, it's clever too. Enjoy the **Uconnect™ 7" HD touchscreen with "tablet effect"** and HD display: including a wide range of functions, with a hands-free system, Bluetooth® technology, and voice recognition. Available with Apple CarPlay and Android Auto™ compatibility, the system has a user friendly interface that will allow you to easily manage maps, music, contacts, and more. All safely within reach while you drive.

Uconnect™ 7" HD

The Uconnect™ 7" system with DAB+Digital Audio Broadcasting is equipped with a 7" high-resolution touch screen display with "smart gesture" functionality to have control at your fingertips. Uconnect™ 7" HD can optionally be equipped with Uconnect™ 7" HD Nav that includes the TomTom navigator with 3D maps. Be always connected with new Uconnect™ Link: Apple CarPlay & Android Auto™ compatibility.

Uconnect™ 5" RADIO

Adds a large 5" touchscreen with DAB+ digital radio tuner in addition to steering wheel controls, hands-free Bluetooth® function.

Uconnect™ RADIO

This is the gateway to the Uconnect™ world: a simple but complete sound system thanks to the DAB+ digital radio tuner in addition to FM RDS tuner, the media player with USB and the steering wheel mounted audio controls.

MILD-HYBRID TECHNOLOGY.

Real beauty starts from the inside, that's why the Fiat 500 comes with a mild-hybrid engine that reduces emissions providing lower consumption and a better driving experience. This technology provides an assist during the acceleration to enhance the driving pleasure (E-ASSIST). This is possible thanks to a 12v lithium battery that is recharged during deceleration (E-COASTING) and braking (E-BREAKING) without any other support needed. Plus, there's also the LPG engine an alternative solution equally convenient.

E N G I N E S

NEW HYBRID ENGINE

Technical specifications:

- N° of Cylinders: 3
- Total Displacement: 999 cm³
- EC maximum Power: 70 HP (51 kW) 6.000 rpm
- EC Maximum Torque: 92 Nm (9.38 kgm) 3.000 rpm
- Transmission: Manual
- N° of gears: 6+reverse
- Top Speed: 104 mph
- Acceleration (0-62 mph): 13.8 sec
- CO₂ emissions 114-122g/km

Reduction of consumption and CO₂ emissions.

Easy to use, the battery recharges itself thanks to the E-Coasting and E-Braking features.

Homologated as a mild hybrid, they can take advantage of all possible advantages such as free parking, ZTL entry, tax bonuses.

More fun thanks to the E-Assist function.

Energy flows

Have a look at the TFT Screen to discover how the mild-hybrid engine works, when the battery is supporting the driving pleasure and when is recharging.

Energy saving

Below 30km/h, and whilst under certain conditions, the dashboard will suggest to switch to Neutral, this will turn off the engine, saving fuel consumption and reducing emissions.

Trip diagram

The TRIP DIAGRAM allows you to monitor when the electrical engine is providing support to the petrol engine (Power) or charging the lithium battery (Charge).

A UNIQUE STYLE, FOR EVERY LIFESTYLE.

Pick up your favourite style and leave your mark wherever you go. With so many customisation options, it's easy to get noticed.

THE NEW D-FENCE PACK

PEACE
OF MIND
IS THE NEW MUST-HAVE.

Always caring for you, the Fiat 500s give you the new **D-Fence pack**. Available as optional, this innovative system of products allows you to sanitise the cabin and the passenger's atmosphere.

Prime Cabin Filters neutralises allergens and prevents moulds and bacteria from penetrating into the vehicle.

The **UV-C Cleaner** irradiates the interior surfaces of a vehicle with a UV light that kills the bacteria on those surfaces.

The **Air Purifier** is a portable device that removes up to 98% of airborne bacteria, toxic gases, but also cigarette smoke and dust.

* The electricity consumption value is defined based on official tests, in conformity with the provisions of the EU Regulations in force at the time of homologation. In particular, the indicated values are calculated based on the WLTP test procedure. The electricity consumption values are only indicated for the purpose of comparing the vehicle data. The electricity consumption homologation values may not be representative of the effective electricity consumption values, which depend on many factors related, for example, to driving style, route, weather and road conditions and to vehicle condition, use and equipment. The electricity consumption values specified in this document refer to the versions of the vehicle with the highest and lowest values. These values may change depending on the selected equipment and/or tyre dimensions. The indicated electricity consumption values are not definitive and may evolve if the production cycle is modified. In any case, the official electricity consumption values of the purchased vehicle will be provided with its accompanying documents. If the electricity consumption values are required to calculate the taxes and duties due for the vehicle, please refer to the applicable law in force.
