[Build your Sportage](#)

Advanced design
for inspired minds.

From the very first glance you can tell that the Sportage has been sculpted as a free-flowing bold and sophisticated organic form. Look closer and you will immediately appreciate how its beautifully shaped body creates such a strong presence on the road. From the clean, powerful contours rippling along the side, highlighted by its chrome and glossy black window surround mouldings, to the swooping muscular fastback design. Accentuated by the dynamic rear spoiler, with razor-style signature LED taillights and sporty rear bumper, this is an urban SUV that connects you with your natural sense of adventure.

Refined space that sets new standards.

Sit inside the Sportage and immerse yourself in an interior that delivers an outstanding experience in comfort, quality, design and cutting-edge technology. Sitting at the centre of the sporty cockpit is a beautifully sculpted curved display, integrating a 12.3" supervision cluster and 12.3" high-tech multimedia touchscreen. There is a sense of luxury in the spacious cabin with black headlining, a leather D-cut steering wheel and a three-zone climate control system. This is, indeed, the very best in refined luxury for you and everyone to enjoy (grade dependent).

Dynamic seating design with GT-line embossing. Sit back and enjoy premium suede leather upholstery (GT-Line / GT-Line S only).

Eye-catching interior garnish. Inside the Sportage and Sportage GT-line you'll find aluminium patterned detailing that adds a contemporary touch to the dashboard, interior door panels and door handles (grade dependent).

Inspired engineering to lead the charge.

We live in changing times, that call for remarkable innovation and new behaviours. From the very first stage of development, the Sportage Plug-in Hybrid was destined to embrace that difference, by using the latest electrified powertrain technologies. With easy charging via the integrated charging port, you have the flexibility to charge the battery at home or at public charging stations.

Just as importantly, the Sportage Plug-in Hybrid has been carefully engineered to minimise any impact on passenger and luggage space. The high-voltage battery is placed centrally, ensuring a balanced weight distribution and an interior space that is practical, comfortable and versatile. The state-of-the-art Sportage battery also features a new high-tech management unit that constantly monitors the state of the battery.

Bold ideas that demand attention.

If you have decided to embrace change, then there has never been a better time with the Sportage Plug-in Hybrid. Combining stunning looks and a premium interior, the Sportage showcases a striking signature tiger nose grille, boomerang-style LED daytime running lights, dramatic matrix LED headlamps and a new Terrain Mode to conquer any surface. With its muscular looks and innovative electrified powertrain, the Sportage Plug-in Hybrid inspires us to do things differently.

Smarter driving technology. At the touch of the Hybrid/Electric (HEV/EV) button located on the centre console, you can prioritise between electric and hybrid mode. In EV mode - ideal for urban driving - the Sportage Plug-in Hybrid prioritises electric-only energy for emissions-free driving**. In HEV mode, it operates both energy sources, changing between using the petrol engine only, the electric engine only, or both simultaneously depending on the situation.

Heated and ventilated seats. Whatever the weather has in store, you're ready for it. The front and rear seats can be heated on cold days. Featuring two adjustable settings, they warm up quickly and then level off after the desired temperature is reached. On hot summer days the front seats can be ventilated to keep you cool (grade dependent).

Coat hanger. So you always arrive in style, the Sportage's front seat headrests feature a clever hanger for coats or garments.

Smart thinking makes all the difference.

Inside the Sportage, experience an inspiring space that offers both flexibility and convenience. There are split rear seats for ease of loading and clever storage solutions, too. Add to that a smart power tailgate for when you've got your hands full. Smart thinking delivers innovative solutions for every eventuality.

40:20:40 split folding rear seats. Thanks to clever split rear seat options, the Sportage easily adapts and flexes to whatever task you have ahead of you - great for transporting sports equipment or other bulky items.

Connected technology to stay ahead.

At Kia we know connections matter. Not just your connections with people. Connection with experiences. Connection with your ideas, and favourite places or destinations. Connections that inform and entertain you. Connections that keep you up to date and safe. That's why the Sportage offers the very latest in seamless and effortless technology, to keep you constantly connected with everything and everyone around you.

Dual 12.3" curved display. At the heart of the Sportage's cockpit sits a touchscreen which is the focal point for all your driving, information, connectivity and entertainment needs. The state-of-the-art system delivers clear turn-by-turn navigation powered by live traffic data for maximum precision. Check live fuel prices, your next meeting, the weather forecast or even your favourite team's match results from the high-definition curved screen. And the system works together with the Kia Connect app so you can keep an eye on your vehicle's key functions and configure its settings from the comfort of your living room (grade dependent).

Rear USB fast-charge ports. Keep your rear passengers happy with a Type-C USB fast-charge port which is cleverly mounted on the rear panel of the driver and front passenger seat. Perfect for work, play or simply charging.

Multimode control display. Control at your fingertips. An innovative way to make the interior less cluttered and more intuitive. Easily switch between infotainment and climate control controls with a simple touch (grade dependent).

Wireless smartphone charger. When you're on the move, keeping your phone fully charged should be the last thing you need to worry about. That's why the Kia Sportage comes with a wireless charging bay offering high-speed 15 W wireless charging for smartphones equipped with Qi technology (grade dependent).

Harman Kardon premium sound system. From music to talk, from podcasts to your favourite playlist, experience sound that awakens the senses, with the Harman Kardon sound system. The high-performance speakers are precisely tuned to perfectly match the Sportage unique design and acoustic characteristics. Advanced Clari-Fi™ music restoration technology improves the quality of MP3s and provides high-definition sound, plus QLS technology delivers a truly immersive experience (grade dependent).

Kia Connect (UVO)...

Your free seven-year connected services.

Kia Connect (UVO) opens your Kia to the world of connected services. Once activated, it enables a number of essential digital features in your car. You can also install the Kia Connect (UVO) app on your smartphone and pair it with your Kia to control certain functions remotely and consult a wealth of information about your car.

In-car services

Your free seven-year Kia Connect (UVO), once activated, enable a number of connected services in your Kia.

Online navigation

Your navigation system uses live and historical traffic information to recommend the best route and dynamically predict the most accurate arrival time. You can also get alerted to speed cameras on your way.

Sports information

Keep an eye on your favourite team's matches and results.

Weather information

Check current and forecast weather conditions at your location or destination.

Connected destination search and Points of Interest directory

Your destination search results are drawn from the Internet for maximum accuracy and relevance. What's more you can use the connected Points of Interest directory to find particular categories of destinations such as restaurants or ATMs.

Parking

Easily find parking. The system shows on- and off-street parking locations, including prices and likely availability.

Fuel station information

The system shows you the nearest petrol stations and prices to plan a refuelling stop.

Charging station information (electric and plug-in hybrid vehicles only)

Your car gives you the location of charging stations, with useful information such as the operator and charging speeds available.

Android Auto™ is designed to keep you perfectly connected to your phone while minimizing distractions so you stay safe on the road. The simple, intuitive interface lets you access features like Google Maps, apps, music and voice control, and automatically organizes info into simple cards that appear just when they're needed.

Mobile application services

Once Kia Connect (UVO) is activated in your Kia, you can connect to it through the Kia Connect mobile application (available on Apple™ and Android™).

Find my car and first/last mile navigation

Did somebody else park your car? Let the Kia Connect app help you find it using Google Maps or augmented reality guidance. When driving and parking before reaching your exact destination, your app can give you guidance to walk the last bit of the way using augmented reality or Google Maps.

User-profile-linked vehicle settings
Select your preferred vehicle settings from your phone for a tailored experience once you get behind the wheel.

Vehicle status

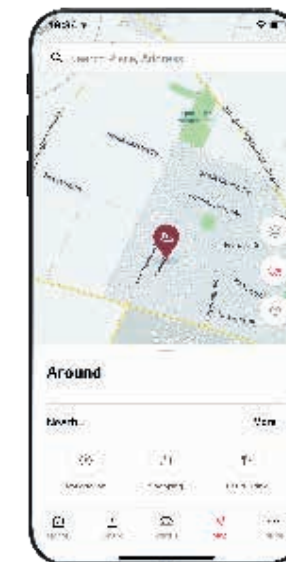

The Kia Connect app gives you an overview of your Kia's status including fuel/battery level, doors, windows, bonnet or tailgate. It lets you know if any of the vehicle's functions isn't working properly. You can also use the app to consult information about your past trips or to obtain a summary of key driving stats.

Notifications and remote functions.

You get warned if your vehicle's anti-theft alarm is triggered or if you left your doors unlocked. What's more, you can lock and unlock doors from your phone, wherever you are. For electric and plug-in hybrid vehicles, you can use the app to control and schedule your charging sessions. For electric vehicles, you can use Kia Connect to control your climate control so your cabin is at the right temperature from the moment you step in.

Valet mode

Activate the valet mode in your car and you can track its location and speed on the app. Ideal when you lend your vehicle to a stranger, like valet parking service.

Apple CarPlay™ is a smart, safe way to use your iPhone while driving. It takes all the things you might want to do, and puts them into your display, so you can get directions, make a call and listen to music all while staying focused on the road.

[View Offers](#)[Book a Test Drive](#)[Find Dealer](#)[Build your Sportage](#)

Innovation through vision.

When inspiration comes calling, the Sportage is never found wanting. That's because we've created a dynamic, engaging and optimal driving experience, debuting numerous highly innovative technology breakthroughs.

Intelligent Front-lighting System. To provide the very best levels of illumination, the Intelligent Front-lighting System enables each LED to light independently to deliver a precise lighting experience. It allows to travel with high beam headlights without any risk of dazzling oncoming traffic. A front view camera featuring vehicle recognition technology automatically dims or brightens each individual LED, enhancing the driver's forward vision while protecting oncoming traffic from glare in real time (grade dependent).

Shift-by-Wire dial. Located centrally and within easy reach, the rotary dial uses shift-by-wire technology to enable effortless gear selection. Just as importantly from a safety perspective, it automatically shifts to the parking gear P if the driver forgets to do so.

12.3" supervision cluster with widescreen display. The supervision cluster is made using the latest thin-film transistor liquid-crystal display for incredibly precise and clear graphics. It provides a range of crucial pieces of information and adopts different themes depending on the drive mode chosen.

Blind-spot View Monitor. A safety function that displays the rear-side view for safe lane change while driving. When the turn signal switch is activated, the rear-side image of the corresponding direction is displayed in the cluster.

Images shown are for illustrative purposes only and not to UK specification. Features are not necessarily standard across the range.

DriveWise technology for all-round safety.

Keeping you, your loved ones and those around you protected was a top priority in the development of the Sportage. That's why every Sportage comes with Kia's acclaimed DriveWise technologies, which integrate a whole host of advanced features to minimise the possibility of accidents and maximise convenience.

360-degree around view monitor. There is no need to exit the vehicle to check clearances or ask others for help. When manoeuvring in confined spaces, multiple cameras give you a zoomable, 360° overhead view around the vehicle, so you can steer and park with confidence (grade dependent).

Remote Smart Parking Assist.* Remote Smart Parking Assist lets you safely move your vehicle in and out of tight parking spaces whilst you stand outside. All you have to do is first align your Sportage with the parking space and then get out and use the special controls on your key fob. You don't even need to worry about accelerating or braking (grade dependent).

Highway Driving Assist. Highway Driving Assist is designed for effortless driving on motorways. It automatically maintains the Sportage distance to another vehicle in front as well as keeping it centred in its current lane. At the same time, it controls steering, acceleration and deceleration whilst you are in-lane. Under certain conditions, the system automatically adjusts the Sportage's speed to match the speed limit information provided by the navigation data (grade dependent).

Blind-Spot Collision Avoidance Assist. This uses a front camera and rear radar sensor to monitor your blind spots and warn you of oncoming cars with a symbol in the side-view mirror. Start to indicate while a vehicle is detected and the system will sound an alert and even intervene to avoid a collision (grade dependent).

Forward Collision-Avoidance Assist. Evaluating both camera and radar data, the system analyses information about other cars, pedestrians or cyclists ahead to avoid a potential collision with them. It also functions to prevent collisions with vehicles when turning right at an intersection. If it detects a potential collision, a warning signal appears on your instrument cluster and maximum braking power is applied.

* Available only on the Sportage Hybrid/Plug-in Hybrid

Build your Sportage

Luxury from within.

For comfort as individual as you are, the Sportage range offers the ultimate in seat materials, textures, stitching and colours. From cloth and faux leather to premium suede complemented with faux leather. And when you choose the Sportage GT-line and GT-Line S, you really can make your mark with stand-out design including GT-line emblem embossing.

Black cloth.

Black cloth and faux leather.

Suede Leather with Quilt Design.

Suede leather.

Images shown are for illustrative purposes only and not to UK specification. Features are not necessarily standard across the range.

Expand your possibilities.

We have developed numerous purpose-designed genuine accessories that enable you to create a car that precisely suits your needs, and complements your personality. So whatever you might need for the Sportage - a touch more style, comfort or practicality - our premium accessories offer you the perfect solution.

Side steps. These practical and stylish side steps evoke a real sense of solid robustness that is sure to appeal to the outdoors adventurer in you.

Tow bar, retractable. Would you like to combine even more comfort with efficient transportation? Deployed and retracted via a switch located in the boot, this fully-electric tow bar conveniently folds up and sits invisibly behind the lower bumper when not in use.

Door mirror trims & Side trim lines. Attention to detail can make all the difference. Door mirror trims and Side trim lines available in brushed aluminum optic, chrome optic and piano black.

Roof bars, aluminium. Light and easy to install, these strong and perfectly fitting aluminium cross bars help you transport all you could possibly need on your next adventure.

Tailgate trim line. Add a stylish edge to your tailgate with this elegant trim line. It's eye-catching from the rear, as well as emphasising the other exterior styling features from every angle. Available in brushed aluminum optic, chrome optic and piano black. Other complimenting exterior trim items are also available.

Set the pace in your way.

Every Sportage is designed down to the last detail. And that includes sleek, sporty and truly impressive wheels. Take your pick from sleek 17" to 19" rims that are exclusive to the Sportage (grade dependent).

17" alloy wheel (ICE only)

18" alloy wheel (ICE/HEV)

18" alloy wheel (GT-Line/GT-Line S HEV)

19" alloy wheel (GT-Line/GT-Line S ICE & PHEV)

19" alloy wheel (Non GT-Line/GT-Line S models PHEV)

Public charging made easy...

Does charging at a public station seem complicated?

Worry not, Kia Charge gives you access to the vast majority of UK public charging networks including bp pulse, Pod Point, Source London, Hubsta, Shell New Motion, Osprey, Char-gy, IONITY and more. In addition, it works in 28 other European countries in exactly the same way as it does in the UK so you can travel long distance without any worries*.

The only app you need

From planning your journey to paying for your charging, Kia Charge provides an all-in-one solution to use the majority of public charging networks in the UK and abroad.

Reliable, up-to-date information

You have all information at your fingertips. You can apply a range of filters to find the right station, with up-to-the-minute information about availability and pricing.

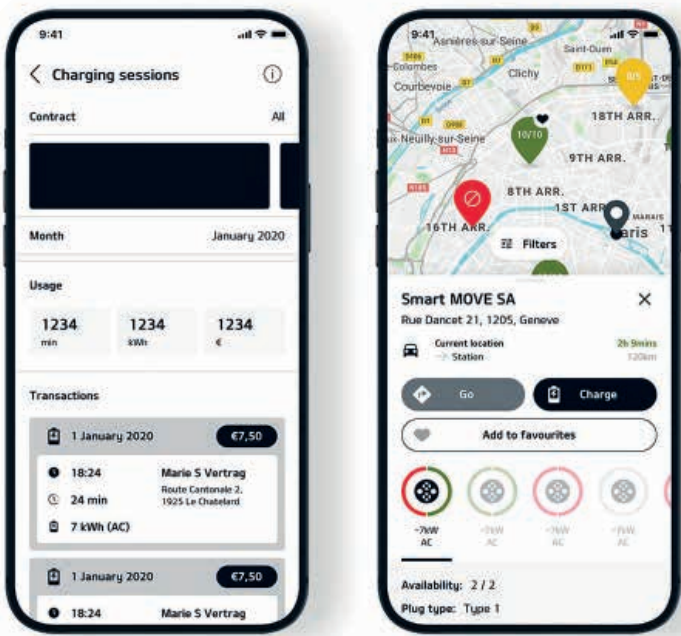

Transparent pricing with monthly payment

There are two base tariffs to choose from. 'Easy' is a no-commitment tariff for light users of public charging while 'Plus' is for those who tend to charge away from home more often.

Best value with a range of bolt-on subscriptions including IONITY

You can add up to two bolt-on subscriptions - for bp pulse and/or IONITY - to benefit from the best value possible when charging within these networks.

For more information, visit kiacharge.com or download the mobile application.

*Charging outside of the UK is subject to the visited country's Easy tariff, regardless of your UK subscription. Kia Charge and KiaCharge.com/gb are offered by Digital Charging Solutions.

Build your Sportage

10 more reasons to join our Kia family

Now there are even more reasons to buy a stylish, technology packed Kia. Peace of mind comes as standard when you join the Kia family with the Kia Promise - 10 great owner benefits when you buy your Kia and register at MyKia.

There are a lot of things to consider when buying a new car. Compromising on reliability in the long term shouldn't be one of them. That's why Kia have redefined quality and offers a unique, industry-leading 7 year or 100,000 miles warranty for your peace of mind.

Our Driveaway Insurance has you covered from the minute you leave the Dealership. We will also give you a £250 Excess Return Voucher which pays you back regardless of who you are insured with providing you call Kia Accident Aftercare before you call your insurance company. We will also provide you with a competitive quote for your annual cover.

Our 24/7 Roadside Assistance package is designed for Kia owners in partnership with the RAC. All new cars have complimentary cover for 12 months from the first date of registration. If you register on MyKia, you can unlock Kia Roadside Assistance Plus, giving you the highest level of cover provided by the RAC, including onward travel and European cover.

Order Genuine Kia accessories, where and when you need them! Our Click & Collect service offers choice and convenience, recognising your model from the registration number to ensure you get exactly what you need. Then simply collect at your nearest Dealer, where they can fit them too.

Online service booking offers convenience and flexibility 24/7. Offering quality and value at one of our Dealers nationwide. Kia trained technicians use the latest diagnostic equipment and technology. All of our Genuine Kia parts come with a 2 year warranty. Fully inclusive pricing at the click of a button.

When you own a Kia, you become part of the family and benefit from a relationship based on trust and transparency. When you visit one of our dealers for a service, your vehicle will benefit from a complimentary Health Check, a wash and vacuum and alternative transport if needed. Welcome to the Kia family!

Available to all Kia owners, whoever your insurer and whatever the circumstances, Kia Accident Aftercare will take care of things for you. We will liaise with your insurer, provide a free courtesy car and ensure your car is repaired at a Kia Approved Bodyshop using Kia repair methods and original parts.

Kia offers you free seven-year connected services with Kia Connect. Once activated in your vehicle, Kia Connect enables a number of digital features in your car like real-time traffic data. You can also install the Kia Connect app on your smartphone and pair it with your Kia to interact with your vehicle in new ways.

We have partnered with Pod Point and bp pulse so you can quickly and conveniently charge your electric and plug-in hybrid Kia at home.

Kia Charge makes public charging easy. Kia Charge is the only solution you need to charge your electric or plug-in hybrid Kia across multiple networks in the UK and Europe.

Kia Care Service Plans

For complete peace-of-mind, Kia can offer you a great value fixed-price servicing package for your Sportage which is called Kia Care. Please speak to your Kia dealer for more information and pricing. Terms and conditions apply.

Log onto www.kia.com/uk for details.

5-year paint warranty & 12-year anti-perforation warranty
High-quality body paint ensures long-lasting protection and shine for your New Kia. It also comes with superior corrosion protection and a 12-year warranty against rust from the inside out.

Financing
Your local Kia dealer can help you with a financing plan that's best suited to your needs. Log onto www.kia.com/uk for more details.

7-year vehicle warranty. Every Kia benefits from a 7-year/ 100,000 miles new car warranty (up to 3 years unlimited; from 4 years 100,000 miles). This bumper-to-bumper warranty is free and transferable to subsequent owners, provided the car is regularly maintained in accordance with the servicing schedule. (Terms and exclusions apply)

Kia 7-year EV/HEV/PHEV Battery Warranty. When you switch to a Kia Electric (EV), Hybrid Electric (HEV) or Plug-In Hybrid (PHEV), it's good to know that our batteries are built to have a long life*. That's why at Kia we are happy to cover you for 7-year or 100,000 miles whichever comes first. Even for our low voltage (48 V and 12 V) batteries in Kia Mild-Hybrid electric vehicles (MHEVs), our Kia warranty covers you for a period of 2 years from initial registration regardless of mileage. All of which means you can simply enjoy the experience of driving our eco-friendly range, every day for years to come.

*Kia high voltage lithium ion battery-units in electric vehicles (EV), hybrid electric vehicles (HEV) and plug-in hybrid electric vehicles (PHEV) are built to have a long life. These batteries are covered by the Kia warranty for a period of 7 years from initial registration or 100,000 miles, whichever comes first. For EVs and PHEVs Kia guarantees a minimum 70% capacity of the battery. Capacity reduction of the battery in HEV and MHEV is not covered by the warranty.

To minimise capacity reduction, follow the instructions consult the Owner's Manual. Find more information about Kia warranty at www.kia.com/uk

*For full terms, conditions and exclusions please visit kia.com/uk

Fully unlock these benefits when you register at **MyKia**
