**MITSUBISHI  
MOTORS**

Drive your Ambition

# FRIEND OF THE FAMILY

The Mitsubishi Outlander exhibits all the bold elegance of a vehicle that is truly fit for purpose.

It displays no unnecessary frills, nor does it make false promises. Put simply, it is a proper petrol-powered SUV. And it comes with polite road manners, seven seats and real-deal four-wheel drive.

It is a vehicle that is particularly easy to live with: light on its feet with automatic transmission and intuitive handling, strong brakes and good visibility all round. All reinforced by Mitsubishi's reputation in engineering intelligent driving solutions for the future.

In short, the Mitsubishi Outlander has all the attributes needed to become the friend that won't let you down.

"this is a vehicle you'll be able to rely on, a car that'll work with you, even in a tight spot." RAC

---

# A CAR TO EXPAND YOUR HORIZONS

Take your car off the tarmac and open up a whole new world. This is Mitsubishi's world, having been synonymous with authentic on-road-off-road vehicles for decades. So the Outlander is no impotent crossover car, but a tougher, more capable SUV that really can weather the storm or take you carefree off the beaten track.

The electronically controlled 4WD offers three settings: 4WD ECO and 4WD AUTO, both of which automatically send power to all four wheels as and when required, and 4WD LOCK for negotiating tougher terrain.

"the Outlander's high ground clearance and four-wheel drive means it can cope with deeper ruts and steeper slopes than most of its rivals." [Carbuyer.com](https://www.carbuyer.com)

# A GREAT SPACE FOR YOUR LIFE

Generous space, strong build quality, and comfortable, eminently adaptable seating (heated in the front), combine with features like dual zone climate control air conditioning, smartphone connectivity and steering wheel controls to make every journey a more pleasurable experience.

Split, fold, recline and a one-touch fold-to-flat mechanism on the third-row seats provides easy flexibility for transporting parcels and people.

On the third row, properly sprung and padded seating, leather on the Exceed, is standard equipment.

"there's no arguing with the quality and kit on offer." Auto Express

# A SAFE HAVEN ON THE ROAD

High on reliability, safety features and personal cossetting, the Outlander is an SUV with real substance. It gives you a commanding view of the road and provides equipment like cruise control and a reversing camera, intuitive headlights, Blind Spot Warning and Rear Cross Traffic Alert\* helping to cut the stress out of twenty-first century driving for you, your family, and your friends.

It is an intelligent, safe and comfortable load lugging road runner with attitude and presence. It's a lot of vehicle in a neat package, and it's a great fit for your active life

\*See p14/15 for specification by model.

"It's a thoughtful buyer's choice. And we can see why you might make it." RAC

With the third row of seats folded down a huge boot with flat access allows you to carry loads of kit or your four-legged friends, and access is even easier with a power tailgate. (Exceed)

# MITSUBISHI AFTERSALES CARE

So wherever you are and whatever you're doing, if the unexpected does happen help is always at hand
- In the unfortunate event of an accident we have **Mitsubishi First** – our customer support service for all Mitsubishi drivers. A **Mitsubishi Service Plan**, purchased at the same time as your vehicle, covers the first three scheduled services for a modest sum. It can be included in your vehicle's finance and transferred to a new owner if you sell.
