

Volkswagen Commercial Vehicles' Van Centres. Working with you.

You're more than a customer. To us, you're a partner. We know that when you choose Volkswagen Commercial Vehicles, you're looking for more. You want a van that looks after itself, while you take care of business. By being there, knowing how you work and what you need, we can support your plans year after year. This partnership lasts as long as your ownership, with a vehicle and a team that's with you for the journey.

Our dedicated network of Van Centres.

Over 60 Van Centres and 30 Authorised Repairers means you're only around 45 minutes on average from our door.

Everything for the job and the journey.

The right van.

We're commercial vehicle experts and finding the right van for your business is what makes us tick. We'll guide you through the range, take you on a test drive and cover all the options.

The right accessories.

From mudflaps to sat navs, plylining to roof racks, we'll work with you to create the perfect van - keeping everything 100% Volkswagen to aid high residuals.

The right finance.

Every business is different, so we stay flexible, with a range of finance packages to choose from. Depending on your preference, we'll go through the options to find the one that suits you best.

The right support.

Nothing matters more than keeping you mobile, so our servicing options are built around you, including extended opening hours and mobile service vans. You'll also enjoy three-years' free 24/7 Roadside Assistance with your new van.

The right service.

We understand it's the little things that make the difference, so we set high standards. We'll call you when we say, keep you informed on delivery dates and support you long after purchase.

And there's more...

We offer a lot more than you might think. From cost-effective van rental or an air conditioning recharge, to a wide selection of premium and budget replacement tyres, if we're not able to help, we'll try and point you in the right direction!

For more information on accessories, finance, service, support and warranties, please refer to the Service and warranties section.

Ontional

Intelligent driver assistants give you peace of mind.

Driving the Transporter 6.1 offers high levels of safety and peace of mind, thanks to a host of standard and optional driver assistance systems. Whether you require assistance when parking, driving, changing lanes or towing a trailer, the latest assistants monitor the situation, taking preventative action in critical situations.

Park Assist.1,2

Park Assist aids positioning into parking spaces. When reverse is engaged, the vehicle assumes control of the steering. All that's required of the driver is to operate the pedals, whilst keeping a good lookout.

Trailer Assist. 1,2,3

Trailer Assist automatically manoeuvres the vehicle and trailer during parallel and reverse parking, only in combination with tow bar preparation or removable and lockable tow bar.

Side protection.1,2,4

As part of Park Assist, Side protection monitors the vehicle's sides and alerts you with visual and audible warnings if you're getting too close to other vehicles, pillars, walls or pedestrians.

Crosswind Assist.²

As part of the standard **Electronic Stabilisation** Programme (ESP), Crosswind Assist applies adaptive braking intervention when the vehicle encounters a strong crosswind.

Adaptive Cruise Control (ACC).2,5

Standard on Highline and optional on Startline. Adaptive Cruise Control uses a front radar to measure the distance (up to 120 metres) and speed relative to vehicles driving ahead. It automatically regulates the pre-set distance. ACC also includes the Front Assist with City Emergency Braking System. This detects critical distances, warns of hazardous situations and when necessary, a speed of up to 18mph triggers emergency braking.

Traffic Sign Recognition.1,2

Detects road signs and informs the driver. Optionally available in combination with the Discover Media navigation system.

Active Lane Assist. 1,2,3,4

Active Lane Assist countersteers the vehicle if the driver unintentionally drifts from a lane. The system also emits audible and visual warnings via the multi-function display to alert the driver of danger.

Rear Traffic Alert. 1,2,3,4

As part of Active Lane Assist, Rear Traffic Alert helps by emitting an audible warning when reversing out of a parking space if another vehicle is approaching. If the driver fails to respond, the system intervenes and applies braking to help avoid a collision.

Tyre pressure monitoring system.^{1,2}

Displays the current pressure for every tyre and warns of deviations from the set pressure.

Hill Descent Assist. 1,2,6

Allows you to descend slopes in a safe, controlled way by regulating the engine speed and applying the brakes as necessary.

. .

So which model do you need? Choose your van.

Your van.

You probably already have an idea about what you need from your ideal van and what you'll need to carry. Likewise, you're sure to have an idea about what's the heaviest, tallest, widest or longest load you'll need to get into your vehicle. If you're a Fleet Manager, then you'll probably need a variety of options and maybe more than one vehicle. Bearing these factors in mind, the information featured on these pages is designed to help as a quick guide to which vehicle may be the closest match to your own specific requirements.

Two trimlines.

There are two trimlines available, from the robust Startline to the luxurious Highline, each delivering its own distinct feel and offering solutions for a vast range of tasks.

Your choice.

And remember, that's not all. Every Transporter is available with a wide range of options and accessories – all designed to further help tailor your vehicle to your own particular needs. So which model do you need?

How to select your van:

- 1. Think about the maximum length and height of your load. This will help you choose a wheelbase and roof height. If you need to carry more than two passengers, you'll need to consider choosing a Transporter kombi crew van.
- **2.** In the Technical information section you'll see **payload** ranges. Think about the heaviest load you need to carry. This will help you choose what's suitable (for instance a T30). *Please click here.*
- **3.** From the two **trimlines** available, decide which one is right for you. *Please click here for Startline. Please click here for Highline.*
- **4.** Take a look at the Price list information section to discover which **engines and options** are available for your chosen van. **Please click here.**

Short wheelbase normal roof.

Load length¹: 2,572mm Load width: 1,700mm Load height: 1,410mm

5.8m³ load area volume.

Long wheelbase normal roof.

Load length¹: 2,975mm Load width: 1,700mm Load height: 1,410mm **6.7m³** load area volume.

Long wheelbase high roof.

Load length¹: 2,975mm Load width: 1,700mm Load height: 1,940mm 9.3m³ load area volume.

Please note: The Transporter 6.1 kombi crew van's load dimensions vary slightly from the Transporter 6.1 panel van figure shown.

For further information about dimensions, please refer to the Technical information section.

Transporter 6.1 panel van

Full load. Heavy traffic. Many stops. The Transporter 6.1 panel van offers practical assistance for all these things. With its especially low loading sill, impressive load room height and its intelligently designed load securing options, it offers ideal working conditions. With the electromechanical power steering system, it now offers even more helpful driver assistance systems when on the road.

Highlights of the Transporter 6.1 panel van

- Crosswind Assist¹
- · Ergonomic workplace
- · Maximum trailer weight up to 2.5T
- · Payload up to 1.3T
- Space for up to three Euro pallets
- · Two wheelbases and two roof heights
- · Up to 1,940mm load compartment height2
- Up to 3.2T gross vehicle weight (GVW)
- · Up to 9.3m3 load compartment volume3

Transporter 6.1 **kombi crew van**

Changing tasks. Changing teams. Changing work materials. The Transporter 6.1 kombi crew van offers the necessary flexibility. With two single front seats and a removeable three-seater bench in the second row, it combines the functions of a panel van and kombi crew van. The Startline and Highline interior equipment options offer a choice of comfort levels.

Highlights of the Transporter 6.1 kombi crew van

- Five or six seats
- · LED lights in the passenger compartment
- · Registered as a commercial vehicle
- · Sliding window in the sliding door
- · Space for up to two Euro pallets behind bench1
- · Three-seater bench seat in second row
- Up to 1,967mm^{1,2} load compartment length
- Up to 4.4m³ load compartment volume¹

1 On long wheelbase models. 2 Measured at the floor height of the vehicle floor. Please note that these are approximate values and the dimensions may differ due to manufacturing tolerances.

Images shown are for illustrative purposes only. Vehicles shown are not UK specification.

Carry everything.

Whether it's heavy equipment or a heavy load, the Transporter Single cab Dropside van offers enormous potential for all these challenges. With the ability to climb a grade of 37° and carry a payload of up to 1,162 kg, it will let hardly anything get in its way. Add to that a variety of equipment options, you can adapt the dropside to suit the job.

Highlights of the Transporter Dropside

- · Extra durable quality with a non-slip and water-repellent platform
- · Largest platform choice in the segment
- · For one to three people plus equipment
- · Low-loader option available
- · 8 lashing eyes for securing loads safely
- 5.7 m² load platform area

Moving big things.

Towing and 4MOTION.

4MOTION all-wheel drive.^{1,2} The all-wheel drive automatically adapts the power transmission to the respective driving situation via an electronically controlled multiplate clutch on the rear axle. The low system weight provides optimum vehicle handling and increased driving dynamics.

Mechanical differential lock.^{1,3} As additional support for the 4MOTION all-wheel drive^{1,2}, a mechanical differential lock is available for the rear axle. This makes it easier to pull away in difficult off-road conditions and makes the Transporter 6.1 one of the most capable all-terrain vehicles in its class.

Maximum trailer weight up to 2.5T. Maximum trailer weights of up to 2.5T are possible in combination with the six and seven-speed gearboxes.

Tow bar.¹ Tow bar preparation is available, or if you require greater flexibility a removable option is also available.

Trailer stabilisation. ^{1,4,5} Automatically intervenes if the trailer starts to swing, applying brakes where necessary to ensure the trailer is stabilised.

1 Optional at extra cost. 2 Not available for all engines. 3 Only available in conjunction with 4MOTION all-wheel drive. 4 Within the system's thresholds. 5 Only available in conjunction with a tow bar or with tow bar preparation. Images shown are for illustrative purposes only. Vehicles shown are not UK specification.

Options (continued)

Air conditioning and glass

Heated driver and front passenger's seats. These are separately controllable and heats the seat cushion and backrest surfaces. Also available for the two-seater front passenger bench seat. | S | H |

Heated windscreen. Ensures good visibility in cold and damp weather. The heating elements are integrated into the window.

Heated rear window. Quickly and reliably ensures a clear view to the rear. | S | H | kombi crew van. | S | H | panel van.

Supplementary heating system (passenger/load compartment). Increases heating output with a second heat exchanger and a vent at the C-pillar. | S | H |

Auxiliary air heater. This is programmed via the central control units or remote control and keeps the interior pleasantly warm for up to 48 hours in continuous operation with 2,500 watt. | S | H |

Air conditioning system in the cab with electronic control.

You can use the infinitely adjustable control to set your preferred comfortable temperature. | \$ | H |

Battery and alternator with increased capacity. The alternator power is increased to up to 250 A and the battery power to 92 Ah.

Sliding windows (in sliding doors). New handles make it even easier to open and close the side windows. Standard on kombi crew van models and not available on panel van models. | S | H |

01 Privacy glass. Available for kombi crew van models, privacy glass filters out sunlight and makes it difficult for outsiders to observe who or what is in the rear, by means of tinted windows in the passenger compartment. | S | H |

Safety systems

02 eCall. Following an accident, automatically sends the time, location and number of vehicle occupants to an emergency call centre and establishes a voice connection. The system is activated by a crash sensor or manually via the emergency call button. If the driver doesn't respond, eCall automatically informs the emergency services. | S | H |

Driver and front passenger's airbags. With front passenger's airbag deactivation. They offer occupants improved protection in the event of head-on impacts. | S | H |

Automatic Post-Collision Braking System. 1 Initiates braking after a collision, with the aim of preventing secondary collisions. | S | H |

Electronic Stabilisation Programme. Designed to prevent the vehicle from swerving in critical driving conditions by controlled and targeted intervention in the brake and engine management. This helps to maximise directional stability. | S | H |

Anti-lock braking system. Designed to prevent wheels from locking up and assist manoeuvrability of the vehicle under heavy braking. | S | H |

Traction control system (ASR). Aids smooth starts and acceleration by reducing wheel-spin. | S | H |

Electronic differential lock (EDL). Allows smooth starts on slippery or loose road surfaces. If one wheel starts to spin, EDL is designed to brake the wheel as necessary, directing power to the wheel with greater traction. |S|H|

Remote central locking with interior operation and two remote folding keys. Pressing the remote control opens all the doors or only the driver's door. Offers you extra convenience and safety. | S | H |

Electric child safety lock. The sliding doors can be locked separately from the cockpit via buttons. Standard on kombi crew van models. Not available for panel van models. |S|H|

1 Within the system's thresholds. Images shown are for illustrative purposes only. Vehicles shown are not UK specification

Infotainment & connectivity

- 01 Composition Colour DAB+ radio system. Fitted as standard, the Composition Colour DAB+ radio system features a 6.5 inch TFT touch-screen colour display, two USB (type-C) ports, Bluetooth®, SD card slot and four speakers delivering 20 watt output. It also features App-Connect, an integrated eSIM and mobile online services as part of We Connect¹ and We Connect Plus^{1,2}. | S | H |
- 02 Discover Media DAB+ satellite navigation system. The optional Discover Media satellite navigation system features an 8 inch colour touch-screen with proximity sensor. The system also includes a 32GB media storage, natural voice control, free map updates via the internet and mobile online services with Volkswagen We Connect Plus^{1,2}, wireless App-Connect³ and integrated eSIM. |S|H|

1 To use We Connect services, you need to have a Volkswagen ID user account, and must log into We Connect with your username and password. In addition, a separate We Connect must be concluded online with Volkswagen AG. For We Connect Plus, you have 90 days from the handover of the vehicle to register the vehicle at www.portal.volkswagen-we.com, and use the services for the full duration of the agreed free period. 2 Free of charge for the first year when you order Composition Colour or Discover Media navigation systems. There is an extra charge in the event of renewal once the free period has expired. 3 Only in conjunction with compatible Apple CarPlay devices on the Discover Media navigation system.

We Connect and We Connect Plus.

Your vehicle's technology, at your fingertips.

With Volkswagen We Connect¹ driving a van will now be even more digital. The We Connect¹ App connects your smartphone to the vehicle with an integrated eSIM card. To take advantage of these exclusive services, you can register today with the We Connect¹ Portal. Once your vehicle has been activated, you can access the full range of Mobile Online Services.

We Connect 1

BREAKDOWN CALL

In the event of a breakdown, we get to your location quickly. With 'Breakdown Call', you can call for breakdown assistance from your vehicle with the press of a button. The system will send your location and vehicle information directly to the AA Call Centre.

PARKING POSITION

The 'Parking Position' Service shows you where your car is located. If necessary, it can also show you the fastest way of getting to it.

SERVICE SCHEDULING

You drive - Volkswagen 'Service Scheduling' looks after the rest. As soon as your vehicle's service is due, a notification will automatically be sent to your chosen Volkswagen Van Centre, who will be in touch to book the service appointment with you.

EMERGENCY CALL SERVICE

In the event of a serious accident, you can press the 'eCall' button to speak to the emergency services who will automatically dispatch help to your exact location or, in the event your vehicle is involved in an accident, they will contact you and will automatically dispatch help if you are not able to respond.

We Connect Plus 1,2

LOCK & UNLOCK

'Lock & Unlock' allows you to control the central locking system of your vehicle - using your smartphone, you can conveniently lock and unlock the doors and luggage compartment.

ONLINE ANTI-THEFT ALARM*

Sit back and relax - your vehicle can look after itself. If an attempt is made to break into the car, the 'Online Anti-Theft Alarm' will inform the We Connect app on your smartphone or by email.

2 Unladen weight includes approximately 90% fuel load and 75kg for driver.

³ Payload = gross vehicle weight minus unladen weight. Quoted weights are for vehicles with standard specification. Unladen weight and payload may be influenced by trimline, factory options and Van Centre fitted accessories. Roof load limit: 100kg (with two roof carriers) or 150kg (with at least four roof carriers) for normal roof only. Trailer nose weight: 100kg.

¹ These vehicles are WLTP (Worldwide Harmonised Light-Duty Vehicles Test Procedure) type approved vehicles. Other factors including Gross Vehicle Weight, trimline, extra equipment, options and accessories (wheels, tyres, etc.) may change vehicle parameters such as the weight, rolling resistance of the tyres and the aerodynamics and thus influence the fuel consumption, CO₂ emissions and driving performance values.

Volkswagen Commercial Vehicles may change RRPs at any time (this includes where there are government changes in regulation and/or legislation). There may be a delay to any RRP displaying correctly on our materials. Always obtain prices from your chosen authorised Van Centre.

Finance, insurance, servicing & warranties

Finance made simple

As dedicated to finance as we are to your new Transporter 6.1

Learn more about our range of finance products to find a finance package that suits your budget. Alternatively, 'Click on' the Offers & Finance button above to find out more about our latest offers to help your business thrive.

Solutions Personal Contract Plan

Not sure if you want to own or hire? Make the decision later. Pay monthly payments for the length of your agreement. At the end you can decide to keep (once all payments have been made), upgrade or return the vehicle.

Hire Purchase

Make all the regular monthly payments. At the end the vehicles is yours.

Lease Purchase

Make lower monthly payments by deferring an amount until the end. Once paid the vehicle is yours.

Contract Hire

Pay fixed monthly rentals to hire the vehicle. Look after it so at the end you can return it hassle free.

Finance Lease (full pay out)

Pay monthly rentals to hire the vehicle. At the end you have two options. Sell the vehicle and receive a percentage of the sale proceeds. Or retain the use of your vehicle by paying a reduced annual rental.

Finance Lease (balloon repayment)

Pay monthly rentals to hire the vehicle. At the end you have two options. Sell the vehicle to settle the outstanding amount and receive any excess sale proceeds. Or pay the 'balloon' payment and retain the use of your vehicle by paying a reduced annual rental.

Finance subject to status. Available to 18s and over in the UK only. Terms and Conditions apply. Volkswagen Commercial Vehicle Financial Services.

Finance, insurance, servicing and warranties

Finance and insurance.1

When it comes to paying for your van, we've got options including Contract Hire and Finance Lease, or Hire Purchase. We can also offer you competitive insurance with lots of features and benefits as standard.

A choice of packages.2

Whether you prefer to lease your vehicles, with none of the concerns of ownership and the freedom to change models easily, or purchase outright to own the vehicle that's perfect for your business, we're here to help you consider your options.

You can go flexible, by choosing a payment plan that suits your finances, with options to reduce your monthly costs and your repayment period. Or choose a fixed monthly price that allows you to budget confidently for the longer term.

You can even include your road tax and servicing costs to arrive at one simple, all-inclusive payment. For more information, pick up a finance brochure, or ask at your Van Centre.

Volkswagen Commercial Vehicle Van Insurance.³

Complimentary Drive Away Insurance

Every new and used Volkswagen Commercial Vehicle comes with five days' complimentary Drive Away Insurance, so you can enjoy your new vehicle from day one. We will also provide you with a quote, giving you the option to purchase annual cover, so you can enjoy the same peace-of-mind for a further twelve months. Please speak to your local Volkswagen Van Centre for further details.

Subject to eliaibility. Five days' Drive Away Insurance cannot be used in conjunction with any other insurance offer.

Comprehensive van insurance, designed specifically for Volkswagen Commercial Vehicles. to offer you maximum convenience with minimum hassle - just as you'd expect.

If you take out a new Volkswagen Commercial Vehicle Van Insurance policy you will receive the following benefits at no additional cost:

- All repairs are carried out by Volkswagen Commercial Vehicles' Trained Technicians in Volkswagen Commercial Vehicles' Authorised Repairers
- Genuine parts and accessories (excludes windscreen claims)
- Courtesy van while yours is being repaired
- Cover for the full cost of repairs to chips or other small damage to your windscreen
- Up to 90 days' foreign travel cover, when using your van abroad
- Up to £250 cover for personal belongings that are lost or damaged following an accident,

For more information or to get a quote, call us on: 0345 877 6355

We're available Monday to Friday 9am-6pm.

Alternatively, visit: www.insurewithvwcv.co.uk

Volkswagen Commercial Vehicle GAP Insurance.4

If your Volkswagen Commercial Vehicle is written off, your motor insurer will usually settle your claim based on the current market value of your vehicle. This could be substantially less than the original value of your vehicle.

Volkswagen Commercial Vehicle GAP (also known as 'Guaranteed Asset Protection') Insurance helps to bridge the payment gap to get you back in a new Volkswagen Commercial Vehicle. Whether you purchase, finance, lease or hire your vehicle, Volkswagen Commercial Vehicle GAP Insurance is available and can be arranged up to 60 days after you have collected your new or

For more information about Volkswagen Commercial Vehicle GAP Insurance, visit: www.insurewithvwcv.co.uk/gap-insurance

Servicing and support.

We're here to keep your business moving, with our range of three award-winning5 servicing and maintenance options, as well as free Roadside Assistance. Some exclusions apply. For more detail, please visit: www.volkswagen-vans.co.uk/aftersales

Fixed cost maintenance

This option is available for vehicles that are less than twelve months old and have covered less than 10,000 miles. It makes budgeting easier by splitting the cost of servicing into fixed monthly payments - whether you want Service only; Service and Maintenance; or Service, Maintenance and Tyres.

Fixed price servicing.6

If you can pay for more than one service upfront, we'll help by reducing your costs. Buy two upfront and you'll receive one interim and one full service at a discounted rate. Buy four and you'll receive two interim and two full services, with your next MOT also included. You can also spread the cost with monthly payments, helping you budget7.

If you're looking for freedom and flexibility with your servicing, it's good to know we're ready when you are. So with our third option, you can choose to pay for your services as and when you need them, with our National Service Pricing. Ask your Van Centre for an up-to-date pricing guide.

We understand the need to keep you mobile. That's why all new vans come with three-year, unlimited mileage roadside cover. Should the unexpected happen, one call gets you straight through to a team trained to help you through any breakdown or accident. Supporting you every day will be a team of vehicle technicians, fully-trained by Volkswagen and carrying the latest diagnostic equipment, specialist tools and parts.

Assistance benefits include:

- Assistance at home, by the roadside or place of work.
- Recovery to your preferred location.
- Onward travel, for you and your cargo.
- Cover 24 hours a day, 365 days a year.
- Free cover for three years (on new vehicles).
- Unlimited mileage.
- European cover.
- Option to extend cover beyond three years.

You can count on us long after you purchase your Transporter, thanks to its comprehensive three-year, 100,000 mile warranty. You choose Volkswagen because your business depends on it, year in, year out. While your Transporter is under warranty, we'll fix any defect in manufacture or workmanship free of charge, even if you purchase and service the vehicle at different Van Centres. Some exclusions apply and the vehicle must be cared for using the quidance in your owner's manual.

For more detail, please visit: www.volkswagen-vans.co.uk/aftersales.

Extended warranty.

You can also extend your warranty beyond the three-year, 100,000 mile period, choosing either Comprehensive or Major Component cover, as a one-off or monthly payment.

For more detail of cover levels, along with terms and conditions, please visit: www.volkswagencvwarranty.co.uk where you'll also be able to obtain a quote and purchase an extended warranty.

Paint and body warranty.

Your Transporter's exterior paintwork is covered against manufacturing defects for a period of three years, while its body sections and panels are covered against rusting through from the inside for twelve years. Some exclusions apply and the vehicle must be cared for using the guidance in your owner's manual.

The Van Centre network.

Our dedicated Van Centre network is at the core of everything we do and is always there to help. As a separate brand within the Volkswagen Group, it makes sense to make use of your nearest Van Centre - it's full of experts who understand your vehicle better than anyone else and can help you to get the most out of it.

Over 65 Van Centres and 30 Authorised Repairers, means you're only around 45 minutes on average from our door.

servicing & warranties

Add extra style, protection and practicality to your van, while still keeping it 100% Volkswagen.

Accessories allow you to go beyond options and truly customise your van. You might want extra capacity with roof attachments or a tow bar, add cab technology or even convert a work van into a weekend leisure vehicle.

Keep it 100% Volkswagen.

There are big advantages to purchasing approved accessories from us. They have all been designed with your Volkswagen in mind, so they're a perfect match for fit and style. They're built to be rugged, reliable and long-lasting.

Most accessories include a two-year warranty, but the great news is that if you order and fit them when you purchase a new van, we may be able to extend that to three years to match your vehicle's warranty. Ask your Van Centre for more detail.
